Backblaze – Key Points

"Backblaze makes backing up and accessing your data astonishingly easy."

1. Unlimited computer backup for Macs, PCs, and businesses—music, photos, videos, drawings, contracts, projects—all the data!
2. $**99/year**—no gimmicks or add-ons or gotchas
3. Protect business data through a centrally managed admin
4. Easy to deploy across multiple workstations with various deployment options
5. Add on Enterprise Control includes granular access permissions, advanced single sign-on, group management controls, and compliance support
6. Backblaze offers multiple restore options including rapid recovery in the event of data loss or ransomware
7. Access your backed up data from anywhere in the world using our web app, or our iOS or Android apps.
8. Restore By Mail – hard drive with all your data shipped to your door
    a. Buy a hard drive restore, send the hard drive back within 30 days and get a full refund
9. **55+ billion files restored for customers**
10. Worried about accidentally deleting files? Backblaze offers one year file retention for free and [for an additional cost, you can retain old or deleted files forever](#)!
11. Recommended by The New York Times, Inc. Magazine, Lifewire, Tom's Guide, 9to5Mac, and more.
12. **15-day no credit required free trial** (plenty of time to upload and download some files!) at: **https://www.backblaze.com/cloud-backup.html#afID (please replace "afID" with your affiliate ID).**

Sample text to promote the Free Trial:

1. "Get a 15-day free trial of Backblaze. No credit card required."
2. "Backblaze is offering a 15-day free trial to readers / viewers / listeners of _____. No credit card required."
