Vol. I, No. .61

Amache, Colorado

May 1, 1943

#### TO PERMIT RETURN OF CAMERAS, RADIO SETS

American citizens of Japanese ancestry are now entitled to apply for and secure the return of cameras and short-wave radios confiscated by the government prior to evacuation, according to a letter from Edward J. Ennis, director, Alien Enemy Control unit, Department of Justice, to US Attorney Frank E. Flynn.

Said Ennis, "The authorization for the release of such articles to American citizens of Japanese ancestry only extends to such citizens presently residing outside of the Western Defense command area."

Persons who wish to apply for the return of their confiscated cameras and short-wave sets are asked to do so at the office of Donald T. Harbison, assistant project director, where forms are available.

However, the VRA has been informed that the use or control of such, articles by any alien enemy, even though owned by an American citizen, may possibly result in a violation of the Attorney General's regulations and subject the alien to the penalities set forth therein. Therefore, Ennis requests that all citizens applying for the return of such articles be told the

### CHILD HEALTH ONFERENCE TO BE HELD

health conferences will replace the well-baby clinic, according to Ruth Hudson, public health nurse.

No physician will be present at these conferences, and only well babies will be seen.

Infants with any symptoms of illnesses should ecial skills and train- be referred to the baby the third Tuesdays, 8:30 ug. He has set up a tem- clinic on Wednesdays, 9:30 to 10:30 a.m., at the 12H

Appointments to the fol-

Blocks 6G, 7G, 8G, 6F, reation hall.

### NEW LIST TO BE COMPILED

Walter J. Knodel, placement officer, is compiling a list of Amache families in which a son is in the US armed forces and a parent is in an internment camp. This move is in accordance with the US Department of Justice's indicated willingness to re-examine the files of such cases to determine whether a rehearing should be granted or a status of "friendly alien" be conferred ...

Therefore, all such families in this center are asked to report immediately to Knodel at the employment office. Each family is asked to bring the name of the interned member, the place of internment if known, and the alien identification number and place of residence before internment.

#### 29 VOLUNTEERS LEAVE CENTER

Twenty-nine of Amache's 124 combat team volunteers have left the center for induction into the service up to Wednesday, according to Walter J. Knodel, placement officer. A contingent of 14 more men is scheduled to leave Thursday, he said.

Effective today, child 7F, 8F, 6E, and 7E on the first Tuesday of each month, 8:30 to 10:30 a.m. at the 6G recreation hall.

### IT SEEMS TO ME

#### 'DEMAND ALL JAPS BE INTERNED!

Thus the Chicago Tribune in its front page herdline informed its readers last weak when the story of the execution of some of the interned American airmen who raided Tokyo a year ego was released by the Office of War Information.

The Chi-Trib Washington correspondent corried in full the quotations of Representative Stewart who advocated that the Army should intern all Japanese in this country and that the American-born should be deprived of citizenship.

The Chi-Trib was the only newspaper in Chicago to incite local citizens to reteliate against Americanborn Japanese for the alleged crimes committed by the enemy. The liberal Chicago Sun, published by Marshall Field, played up the story of the execution, as did other papers, but it belanced the news with the story of American-Japanese combat unit in Mississippi buying \$100,000 in war bonds to avenue the slain cirmen.

Indignation spread throughout the city as the news of the airmen's execution was brought to the people via newspapers and radio. Whatever may have been the feelings of the American people, the absence of retaliation in this city helps to spread tolerance and broth-

erly feelings between all racial groups.

Another helpful fact is that meny Caucacians are not able to tell the difference between the Japanese and Chinese here.

#### BARRIER STILL EXISTS

In spite of the President's proclamation that all Americans, regardless of race, color or creed, be employed in the defense industries, the misei in Chicago area are not given the opportunity to help directly in the war effort.

All federal agencies, specifically Wer Mangewor commission, United States Employment service and the War Relocation authority, have mode tremendous efforts to place the misei in defense jobs. Employers, however, courteously reject hisei applicants by stating that they are inexperienced.

Many employers, frankly scaaking, are straid of em-

ployee difficulties should they hire them.

The fact is -- the hisei are not eing employed by -- continued on page 8

#### HOFFMAN PRAISES FIRE DEPARTMENT

W.E. Hoffman, fire pro- Effective Monday, t tection adviser from Washington, visited the center on a tour of inspection this week, and highly praised Amache's fire department. He declared that he considers Amache's to be the best of all the center fire departments.

#### CHECK CASHING HOURS CHANGED

check cashing booth at the west end of the PIONEER building will be open every day except Sunday from 9 to 11:30 a.m. only, according to Consumer Enterprises. The booth will thereafter close during the afternoon.

Fire Chief Charles O. Bonnelle, instructor of civilian defense from Lanver, and Ed Colglazier, assistant fire chief from Fueblo, were in Amache this week to visit their long-time friends, Vern Campbell and Jerry Sullivan of the local fire department.

Five tray girls and four janitors -- men or women -ere needed at the center hospital, according to Chief Eurse Alma K. Folda. Trey-girl applicants must be able to read and speak English.

Anyone owning a washing machine in good running condition that he would like to sell is asked to notify the PIONZER office.

Ernest Reed, arricultural official from Washington, visited Ameche this week to inspect the machinery and operations on the project farms.

I wish to thank the women's club of Block SK for the many gifts given me recently.

Hamakichi Tekano

A stockroon man is wanted by the plumbing and electrical department of the project. Anyone interested in this work is asked to contact N. E. Mitchell at the maintenance office in the warehouse ares. Applicants should be familiar with names of plumbing and electrical equipment.

T. Read Henson, head fiscal accountant, left today on a business trip to Albuquerque, N. M.

A position for a man to collect waste and refuse throughout the center hospitel is open, according to Chief Murse Alma I. Folde.

0 A "Flop Hop," sponsored by residents of Block 12H, will be held at their mess hall next Saturday. The public is invited, and bids may be obtained from block residents. Refreshments will be served.

### Mrs. Roosevelt Visits Center

PHOENIX, Ariz., April 24 -- Mrs. Elernor Roosevelt visited her first War Relocation center and came away impressed with the amount of work the 15,000 Japanese evacuees are doing at Rivers to suprort themselves.

"I saw no pempering or coddling," Mrs. Roosevelt declared: "The Japanese themselves operate their own 7000-acre farm, maintories. They deserve a great deal of credit."

The first lady said she held a closed conference with several evacuees.

"They made no complaints," she said. "The only thing they asked for was a cooler that is needed at the hospital."

When asked what she thought should be done efter the war about the Japanese she replied, "I think we all learning a great deel from this experience. It is not sound for minority groups to be gener-

# MARINGO DEDECTS TO PRESENCE OF EVACUEES

Three Japanese-American evacuees rested on a farm near Marengo (outlying district of Chicago) after a week of cutting seed potstoes for planting, hoping

### EXECUTION OF FLIERS DECRIED

SALT LAKE' CITY, April 22 -- Execution of members of the Doolittle bomb-Tokyo mission was condemned by leaders of the JACL.

Larry S. Tajiri, editor of the Pacific Citizen. wrote that the headlines telling of the execution should "bring home with sudden emphasis to the people of the land the brutal, ruthless nature of our enemy on the Pacific prong of the global wer.

"This barbaric defiance of the Geneva convention on prisoners of war does not, however, surprise those who have watched the bloody ascension of General Tojo and the militery Fascists

# 'MONITOR': MANZANAR IS ONE YEAR OLD NOW

The Manzanar relocation center is celebrating its first anniversary, according to a recent issue of the Christian Science Moni-

### MAY MODIFY LEAVE PLANS

WASHINGTON, DC, April 22 --Plans to release Japanese tain schools, and two fac- and Japanese-Americans from relocation centers may be modified as a result of public horror about the execution of American flyers, it was indicated, but the idea of weeding out the loyal Mippenese and their native-born descendants has not been abendoned.

Government officers previously in favor of granting virtually full freedom to evacuees deemed loyal are now wondering whether it is advisable to lift restrictions. The amount of freedom granted those who are considered trustworthy may be reduced.

the community will accept them as American citizens and ellow farmers, says a recent edition of the Chicago Daily Tribune.

They were surprised to learn that Marengo citizens had objected to their presence, as reported by Mayor

W. L. Miller. "We were assured by War Relocation authority representatives that the community would accept us," seid Earl Ishino, 24, former asparegus farmer near Secramento. "We would not went to stay in any neighborhood unless we felt we were welcome as American citizens and fellow fermers."

Ishino and his companions, Atsuse Sekuma, 27, and Tsukasa Sakuma, 21, former Mt. Vernon, Wash., strawberry growers, are the vanguard of a group of 16 Japanese-American evacuees who will work this summer on truck gardens on 2,200 acres being developed by the Curtis Candy company.

Said the Monitor:

"Careful thinkers in these part, doubtless including very many Japanese, have no regret that a year ago--March 5, 1942--the Army announced an evacua-tion order which brought the removal from this coast, ultimately, of about 110,000 citizen and alien Japanese.

"Its legality has been questioned by some, its social justice disruted by others, but the summing-up a year after, shows signs of confirming what one of the people most directly affected, a Japanese at Menzenar, said in the be-ginning: 'This evacuation may prove to be a blessing in disguise.'

"How so?

"Manzanar has given the residents their first intimete participation in democratic procedures...has brought, about the setting up of a model community replete with government, business, and law end order."

Concluded the Monitor: "It seems safe to say ... that the people are living sensible lives adjusted remarkably well to their situation..."

### CUTTERS GET \$35 PER DAY

WALNUT GROVE, April 12--Thirty-one Filipino asparagus cutters are each carning an average of \$35 a day, George R. Wilson, manager of the DiGiorgio Fruit corporation's operations, said.

The labor shortage has brought about the payment of high wages, such as \$1.20 per lug to the esparegus cutters. With growers "paid seven cents per pound for No. 1 white asparegus and eight cents a pound for No. 1 green, this return contrasted with the cost of cutting is extremely high.

Wilson said some of the growers are contemplating turning "their asparagus lands to other uses because of inability to meet the high pay demanded by experienced cutters when such can be obtained."

#### REVEREND RHODES TO VISIT AMACHE

Rev. E.A. Rhodes of the Hos Angeles Church of Christ will arrive here today and remain at Block 8K for 10 days, states W. Ray Johnson, community services head. Rev. Rhodes, who was a. missionary to Japan until the China incident, has worked with the Japanese Church of Christ in Los Angeles.

Rev. Rhodes will speak at 9:30 a.m., and hold a communion at 10:15 a.m. tomorrow at Hospitality House. He will also preach at the Church of Christ in Granada.

#### RESIDENTS WARNED

Residents are warned by the police department against digging for yucca roots and the like in the center. All persons who disobey the order will be punished, said Police Chief Harlow Tomlinson.

#### LOST & FOUND\_

6E mess hall, on E street.

SKETCHES

Recently elected Scout commissioner of the Amache Boy Scouts, Edward Moju Tokunage, of llE-5A, first joined the great international organization in 1928 in Courtland, Calif. Since then, he became an Eagle Gold Palm Scout, served as an assistant scoutmaster for a mixed Caucasian and Japanese troop and is at present Scoutmaster of Troop 162. In addition, he is the adviser of the Scout publication, Reveille.

With nearly ten years of Scout leadership experience, Tokunaga is the logical choice for the task of training over 200, Boy Scouts and 100 Cubs to become better citizens.

Tokunaga's contacts with boys are not limited only with the Boy Scouts, as he is an agriculture instructor in the senior high school.

He lectures to his 'Ag' boys on his pet and practical theory, "don't put all your eggs in one brsket." By that he means a farmer will be more successful and prosperous if he installs the diversified farming system -- a method by which a farmer would raise something of everything to insure a steady income.

Tokunaga gained his knowledge of agriculture by attending Texas A & M college, where he received his BS in agronomy in 1942.

He attained the distinction of being the first one to be married in Amache lest fall. His leisure time hobbies are photography, fishing, and taxidermy. The volumes of books on verious subjects lining his shelves exemplifies his love for reading.

Bespectacled Tokunega is five feet eight inches in stature, 136 pounds in weight, and 29 years old. Although reserved and reticent, he possesses a good sense of humor. Our staff artist; Jack Ito, sums it up in these words: "Ed is a nice guy, and everyone can't help but like him." -- Suyeo Stko

#### A NISEI VIEWS CHICAGO

### IT SEEMS TO ME

BY TAD CIYENO

continued from page 2the major defense factories.

Jobs, of course, are numerous in nondefense, non-essential industries, and the employers are slowly beginning to hire Americans of Japanese ancestry because of labor shortage.

Demand for domestics is continually growing. Unfortunately, however, the pay is low and not many nisei are willing to work as domestics.

For those who think of their future, consideration must be given to entering industries which will flourish and prosper during the post-war period, even though the wage - scale is considerally lower than that of defense industries.

#### A JAPANESE COLONY?

That is the question uppermost in the minds of the majority of the nisei here in Chicago, as more and more evacuees arrive from the relocation centers.

As a matter of fact, the old-time residents are glad to see the nisei getting out of the centers and dropping back to civilization. On the other hand, they are alarmed lest the Caucasion public resent the excessive influx of Japanese into one community or district and thus focus the community attention to them.

Undoubtedly, the Japanese are marvelous "colonizers." All seem to flock to one point rather then to absorb themselves into widely separated areas.

Three months ago, hardly an Oriental, particularly an American-Japanese, could be found on the streets of the Loop district (main shopping center). But now they are becoming more conspicuous and they seem to saunter in groups.

There's no harm walking with friends, to be sure. Yet this creates a bad impression on fellow citizens unfortunately during wartime. They think of us as sticking together and they draw evil connotations.

#### HOSTILE LANDLORDS

Chicago is one of the cities having an acute housing shortage. Because of heavy war industry concentration here, there aren't enough houses to accommodate all the workers. Naturally, there are quite a lot of discriminations on the part of landlords in renting their properties, not only race prejudice but on the size of families, too.

Hence, the nisei are meeting considerable difficulties renting apartments and homes. Many "for rent" advertisements in newspapers specify "adults only."

Greatly accentuated by high-tension she has the ration points for. feeling against the Japanese as a result ing to the execution of the interned A- poultry could be bought for 42 cents a merican fliers in Japan, landlords in pound. Now the price is 62 cents a pound. Chicago and elsewhere will be more re- And even at that price, chicken is hard luctant to rent apartments and homes to to buy.

the Japanese.

One nisei remarked recently: "It's easier to find a job than to locate an apartment. God, it's discouraging, though. Some will tell you: 'We can't want any Japs in our building.' Some owners are willing to rent to us; but they are afraid that the other tenants might not like us. So there you are."

#### AVAILABLE JAPANESE FOOD

Most of the Japanese in the relocation centers miss Japanese food. Majority of the Japanese in the centers are certain that they can't get to eat the kind of focd they used to have. Well--they'll have a surprise coming to them if they ever land in Chicago.

For here are what can be purchased in this town:

Tofu, aji, chopsticks, miso, shoyu-about as good as Kikkoman brand, dried shrimps, rice, and bean sprouts.

The above mentioned items are sold by Chinese dealer who takes orders by phone and delivers them to you immedi-

Incidentally, rice is \$8.25 per 100pound sack. The price of shoyu is \$1.25 per gallon.

In Manzanar, the former Japanese storekeepers were selling a sack of rice for \$10.75.

#### FOOD PRICES AND RATIONING

Here's the list of prices for fresh vegetables in the city's retail markets:

1	pound tomatoes	25¢
1	green pepper	15¢
1	pound string beans	15¢
1	pound cabbage	17是人
1	pound potatoes	80
3	grapefruits .	25¢
1	dozen oranges	55¢
		Part and I will

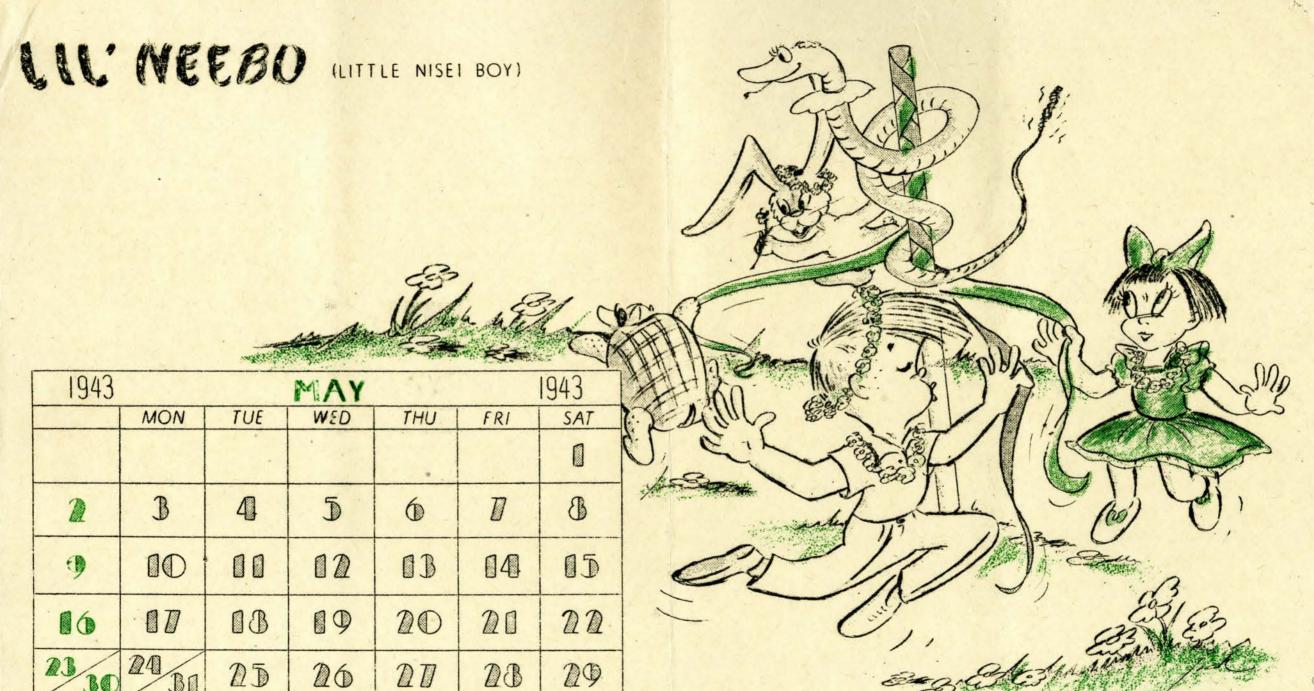

1 basket strawberries 35¢ It's no longer those good old days back in California, as far as vegetable prices are concerned. Vegetables are indeed high. But not only the vegetarians are having a tough time, for the meat prices are just as bad.

Hamburgers were 42 cents a pound for quite a while, and sirloin steaks are 52 cents per pound. Beef stew is now 32 cents a pound.

Living costs have gone up. To counterbalance this, the wage scale is considerably higher than what it used to be, even in non-essential industries.

The point ration system was a blessing to the common man. Shortly before meat was rationed, the average housewife Some definitely state desire to rent to was not able to buy meat at all. Now Catholics or some other religious group. she can get all she wants, that is, all

Poultry should be rationed, too. Beof last week's release of news pertain- fore meat rationing went into effect -- Tad Uyeno
