#### COLLEGE STUDENTS NEED

- a "break" in the academic year.
- an opportunity to serve significantly in these tragic days.
- a chance to come to know these Americans of Japanese descent - our "war victims" - as persons.
- an opportunity to think and work constructively on the number one question of America and her minorities.

#### TIME

Eight weeks - July 1 to August 26 - will be the full length of the project. Part time service may be possible and those eager to work but unable to come for the full time should state the time they are available when making application.

#### COST

A fee of \$75.00 has been set to cover all costs for the eight weeks. Scholarship help is available for those needing assistance. No interested person should fail to apply for lack of funds.

#### SUPERVISION

There will be one graduate counsellor working with each project. In addition, continuous sympathetic help will be available from the regular members of the W.R.A. Staff.

#### APPLICATIONS

Applications should be made at once to Marian B. Reith or Bruce B. Maguire, 715 South Hope Street, Los Angeles, California. The time is short. Please write promptly and state your skills, the time you are available and your camp preference in the letter of application.

Note: Requests have also come from the Relocation Centers at Topaz, Utah and Poston, Arizona for similar projects. If sufficient student leadership is available, an effort will be made to set up two additional projects.
