THIS SIDE OF CARD IS FOR ADDRESS

The August's take care of yourselves!

Dear Rev. and Mrs. Millers It was certainly good to see you, and to hear you, Rev. Miller. I took one of the front seats that time. It is strange that your sermon out here was the first which I had ever heard of yours. I know that many of the people enjoyed you. Thank you, Mrs. Miller for writing to me. I really appreciated your writing for I know that it must have been an effort for you. I still have the letter. I do hope that all of you enjoyed your treat up in the hills. I hope that the trip rested you also. I think that anybody should rest at times to avoid illness. We will be pulling out of here soon. However it seems that I won't be leaving until the last for Colorado. Rev. Yamaka received his order all ready for the 23rd. Just so they load me on the train headed for Colorado that will do. I wonder if we'll be seeing you again.? I would get a pass if you could come. If we don't see you again, I do want to thank you both for all your kindness which you have shown us. We have appreciated it all so immensely. I can't express the deepness of our gratitude, but I'll just say thank you. We'll always remember you for a friendship that has meant so very, very much to us. We'll leave with all our love to you. Best of luck!!!
