

Herzliche Glückwünsche.

Dear Frank,

1/29/93

Walter was the first to finish reading your MS in the Resisters Conference (LA) and he kept saying: "That Frank Chin should be honored & agree. But what! Do you have a fan in Walter."

We can't give you a trophy, but here's something more meaningful: an award to "the real Moses," <sup>you</sup> the one who's leading JAs out of the wilderness of ignorance

and apathy about our  
very own who are so  
unfairly ostracized and  
despised - like Untouchables

With words of esteem,

Michu & Walter
