Hi Frank,

Enclosed, souvenirs for you

Wish you could have stayed for the most exhilarating, historical meeting of Resisters, their wives and supporters, in the Mano House living room after the Suzuki's garden party. But, of course, it was way past Sam Chew's bedtime.

Have ordered some wonderful snapshots Hannah Holmes took of us, of you and Sammy, at the party. These will follow.

Again, you truly honored us by being at the Cal Poly garden gala!

We love you.
