! Mrs. Yonada sent me 1000 of these  
P.S. The Japanese were allowed 105 immigrants  
yearly until 1924. I believe the Chinese  
were not (except for clerics, treaty traders (?) etc.  
During the war, in 1943, Congress passed a bill  
allowing the Chinese a quota of 105 yearly. I'm  
looking for that bill, the date, etc. If you find  
same, let me know. (W)
