

Your determination will bring  
you much success.

Dear Frank,

Thanks for the loan of the video-  
Tape. . . Another shortcoming <sup>we noted</sup>: whoever  
introduced you forgot to mention the  
all-important fact that you had  
also initiated (and thereby helped  
to institutionalized) "Day of Remembrance"  
observations/ceremonies in JA  
communities! !

I meant to thank you for  
your much too generous comments  
about me and "years..." but forgot.  
Hyperbolic, but hell, it's great in  
the sagging ego. Many thanks!

James Omura says that <sup>Morimoto</sup> 442nd  
vet editor of Chicago Shrimp reprinted  
that long Rapa article mentioning him  
and you in full. Omura's photo was  
also reprinted. He was astounded.

Maybe it helped that I sent  
him <sup>(Morrison)</sup> a copy of the Lin Report,  
This is quite a turnaround!

Have enclosed Fuji TV script,  
also couple of articles on Imperial  
Valley folks. Only two remaining <sup>these</sup>.

Didn't Wakako live there once?

Love, hugs,

Michie
