Dear Frank,

We received a long, newsy and most brilliant letter from James Omura. Am delighted that you were able to enjoy each others company and to get things straightened out. I hadn't realized how hurt he was that he'd been left out of the Oakland Resisters Forum. You had been 200% right!

Since you're curious as to what's ailing me, I've enclosed a couple of data sheets — or have I sent these to you already?

Look forward to seeing you in April!

Love, also to Dana & Jimmy!  
Michelle
