

UNITED STATES DEPARTMENT OF THE INTERIOR  
WAR RELOCATION AUTHORITY

Gila River Project  
Rivers, Arizona

July 26, 1944

TO WHOM IT MAY CONCERN:

The bearer of this letter, Fred Fumio Takano, has been working for the Engineering Section of the War Relocation Authority for the past year and a half as Plumber Foreman.

He supervised a crew of plumbers on new construction, maintenance of water systems, gas mains and steam lines. Also, he installed steam boilers and was required to do some welding.

During his employment here, I have found Mr. Takano to be honest, dependable, cooperative and a very willing worker.

Therefore, it is without hesitation that I recommend him to any future employer, both as to his character and ability.
