GILANS MAY GET NET FUND PAYMENT WITHIN 2 WEEKS

About \$55,000 of the camouflage net fund will be distributed to the people probably within two weeks, declared W.G. Graham, finance officer and member of the net fund trustees. The other trustee members are Earl M. Yusa and Mats Ando.

Oregon Resents Nisei Settling

Evacuees from war relocation centers are buying land and settling in eastern Oregon, according to the L.A. Examiner.

The area is just outside the coastal strip barred to Japanese by the army, near the towns of Vale, Ontario, and Nyssa in Malheur County.

Representative Lowell Stockman, Republican from Oregon, declared that the congressional delegations of Oregon, California, and Washington will probably work toward the discharge of all top WRA officials and a complete reform in WRA policy.

He said that Japanese Americans have bought farm land which the district had expected would be settled by young Oregon farmers who are now in the army. Representative Stockman said resentment is rising in the district.

JOB RECRUITER TO COME SUNDAY

Harold Mundell, relocation officer of Santa Fe, New Mexico, will arrive Sunday to recruit evacuees for various job openings in the New Mexico and West Texas area.

All interested persons may see Mundell in the relocation desk at the outside employment office, 69-6, Monday through Wednesday, next week.

\$74,166.47 will be transferred from the Southern California Glass Co. to the Gila River trust fund, and after tax payments and expenses in connection with the distribution are deducted, about \$55,000 will be distributed to the persons entitled to a share of the fund. It is estimated that distribution will be made within approximately two weeks. The money will go to those who were working during the operation of the factory.

Checks will be mailed to relocators and segregants.

Canal Won't Close Says Bennett—

A statement which appeared in the Thursday issue of the NEWS-COURIER was misinterpreted and caused some apprehension. It is not expected that the Canal community will be closed. No such advice has been received from Washington; neither is it anticipated. After segregation, it is expected that a survey will be made and that recommendations for consolidation will be submitted to the project administration and to Washington. But even after segregation, the population of Rivers will be far too large to be consolidated into one camp.

89 CANDIDATES RUN FOR COUNCIL

Names of 89 candidates for the Butte Community Councilmen to be elected Tuesday, Sept. 28, were released by Izzy Otani, associate central block manager.

Election will be held in each block manager's office, said Otani, and only registered voters will be eligible to vote.

Names of candidates follow: Block 28-Shuichi Kawamoto, Sataro Takeda and Shigeto Ito; 29-Peter Tasaku Yanase, Masao Nishimura, Jack Hitoshi Kitashima, Frank Tsuruta, and Harry Hideo Okino; 30-Heiji Okamoto, Masao Sakai, and Morito Nakahara; 31-David Kurakane, Masaru Kawai, Motojiro Iwata, and T. Tsuchiyama; 32-John I. Fukushima, Masakichi Itabashi, and Shinichi Fujiki; 33-Genji Endo, Oshima Mayji, Torao Toyama, Joe Iwao Sasada, and Sadao Yamaguchi; 43-Masato Kato; 36-Shigemi Aratani and

OSAKI TELLS IMPRESSIONS

Harry Osaki, one of the ranking Boy Scouts of the world, volunteer for the Army, ex-defense worker, et al, returned from the Mid-West and the East recently thoroughly convinced that relocation officers and supervisors were men who were working to assist evacuees return to normal American life and not for the money in the job.

Osaki visited relocation offices in Denver, Kansas City, Chicago, Detroit, Cleveland, Cincinnati, Toledo and New York, and some others. He worked for two months in Cleveland in a defense plant earning in the neighborhood of \$275 a month.

editorial:

COUNCIL CAN WORK, IF-

Rivers as a self-sufficient community and as the vegetable center of the relocation centers has every prospect of remaining on the map as a community of evacuees for quite some time in the future. Quite a few residents will probably stick it out to the end.

In view of the above assumptions (we believe them to be safe) the lack of interest in the community councils is extremely shortsighted.

The conditions under which the permanent constitution came to be are unfortunate. It was overdue by almost a year. Then, at present, resettlement and segregation is so much a part of community concern and worry that other matters fade into the background.

But in the council, already elected in Canal and to be elected Tuesday in Butte, the residents have a powerful instrument for governing the community as they see fit. It cannot only make laws and assess the people, but it is also an instrument by which the people's collective thought can be communicated to the administration. It is in this capacity that the council can be of greatest use to the community, provided the people can work together and are willing to intrust their confidence in the council.

No one, neither the people nor the administration, will or can state that the administration is infallible in its judgment. In certain matters, the work of the administration must necessarily be accepted. But in those matters directly affecting residents and the community, the people under the constitution have much to say. The administration of any center was not intended to be a dictatorship; the evacuees were intended to have as much right to decisions as conditions warranted. Under the letter of the administrative constructions, that right is intended to be quite extensive.

But without the election of the ablest leaders and the full confidence of the people in such leaders, no democratic government can long retain its power or stand. In Canal the elected council deserves full confidence. Butte residents must elect their best leaders when they vote Tuesday.

Whether the two communities will have a satisfactory government set-up or not rests with the people, and, we say, to considerable extent on the administration. But its making or breaking, however, will rest largely with the people.

OSAKI

IMPRESSIONS OF EASTERN JAUNTS

(continued from page 1)

He was impressed with Raymond Boothe, ex-Pasadena liberal, in Cincinnati and Harold S. Fistere, relocation supervisor in Cleveland, with whom his contacts were more extensive than with others.

Of Fistere, who put him to work in a defense job the day after his arrival in Cleveland, Osaki was unstinted in praise. Over 400 evacuees are in the Cleveland area, about 25% of whom are working in defense plants earning \$200 a month or more. Almost all 400 are earning \$150 or more. This, he explains, is due to the careful ground-work laid by Fistere before undertaking large scale relocation in any city in Ohio or Michigan.

Osaki is concerned over the housing situation in most of the Mid-Western cities. He strongly advises against the resettlement of issei with families in cities, unless they are sure of housing and a good job. Recognizing the need for issei family resettlement, Fistere is undertaking an intensive survey of farms and education of farmers in Ohio to open up the rich Ohio soil to evacuee farmers.

After resigning his job in Cleveland, Osaki swung East, stopped briefly in Boston and dropped in at New York. Osaki said that good jobs are not as readily available in New York as in Mid-Western states, but that housing is not such a problem. Of New Englanders, he said that they have friendliness and respect toward evacuees who they have heard were a hard-working people.

Nisei on the outside are being employed in defense plants without defense work, clearance, he disclosed. Application for clearance may be made after an evacuee starts work. But a nisei cannot obtain work in a defense factory directly from the relocation centers.

EVACUEES DENIED RIGHT TO UNEMPLOYMENT COMPENSATION

Affirming the position of the old California unemployment reserve commission, the new California Stabilization Commission held on Sept. 14 that evacuees in War Relocation Centers are not eligible for unemployment payments, according to the Pacific Citizen.

REGISTER NOW AS NURSES' AIDE

Registration of student nurses' aides is still open, announced Chief Nurse Augusta Peters. More girls are needed for the classes in basic training which will start immediately.

All girls who are interested in the classes may apply at Miss Peters' office in the Butte hospital.

The former commission had refused benefits to 500 evacuees of Japanese ancestry. Although only 13 cases were involved in the decision on Sept. 14, the commission's action was believed to have decided future policy.

However, several test cases on the right of evacuees to receive unemployment insurance benefits are being prepared for appeal in the California courts, it was believed.

Brethren Hostel To Accept Five

Residents who desire to relocate on the hostel plan should apply well in advance of their tentative date of departure at the outside Employment office as confirmations of their invitations are necessary.

The confirmation is based on the processing of the application by the hostel directors in their respective cities, a procedure which takes about a week to complete.

If the application is acted upon favorably, the hostel director notifies the relocation officer who in turn notifies the center.

Because the quota for Gila at the Brethren Hostel in Chicago has been increased to five each week, the Outside Employment office will be able to accommodate more who wish to relocate there.

TULE LAKE TRIP

Close relatives traveling to Tule Lake by different trains who wish to be sure of living together at Tule Lake should give the requisite information to the welfare department by Tuesday, Sept. 28.

The social welfare department forwards the family lists to Tule and rooms are allocated accordingly.

NEWSPAPERMEN VISIT RIVERS

Four newspapermen, three from the Arizona Daily Star and one from the Times Gazette in Indiana, visited this week at the NEWS-COURIER office and the community.

W. R. Matthews, owner and publisher of the Arizona Daily Star, came with a reporter and a photographer and took pictures of the community.

Mrs. Hazel Meredith, circulation manager for the Union City Times Gazette in Indiana, is visiting her son-in-law, Stamon Faust, ass't. procurement officer here.

Center Scouts Get Boost

Boy Scout activities at all relocation centers received further impetus recently when it was announced by WRA headquarters in Washington that a formal agreement has been signed by WRA and National Boy Scout headquarters in New York.

The new agreement, which is a revision of a previous statement issued on June 15, 1943, extends the same rights and privileges to Scouts and Cubs at the centers as are given to troops in other cities. Scout programs at the centers include camping, camporees, etc.

Alien Soldiers Get Naturalized

FIVE ALIENS VOLUNTEER HERE

Acting Attorney General Charles Fahy announced today that during the past fiscal year, a total of 1,425 aliens serving with the armed forces overseas were granted American citizenship by special representatives of the Immigration and Naturalization Service.

Fahy said that never before in the history of the country had aliens been granted American citizenship on foreign soil. He explained that under the Second War Powers Act, March 27, 1942, the Commissioner of the Immigration and Naturalization is authorized to designate a representative who shall have power during the present war to naturalize "any person entitled to naturalization, who while serving honorably in the military or naval forces of the United States is not within the jurisdiction of any court authorized to naturalize aliens."

Five alien residents of Rivers were among the 104 volunteers for the AJ combat unit.

Co-op Completes Cash Payment

Payments of Co-op cash refund checks to segregants was completed yesterday, stated Masato Kato, secretary.

Anyone who is going to Tule Lake, and has turned in his sales receipts, but hasn't received his check should call at 69-15 in Butte or the Co-op office in the administration building in Canal.

Revolving fund certificates for the remaining residents are being distributed, Kato said.

Mechanics Course Starts In Butte

Auto mechanic course will begin in Butte Tuesday, Sept. 28, 43-11-D on Tuesdays and Thursdays under Harry Kuwahara, an experienced mechanic. All interested are requested to be present at the opening.

Animal husbandry class, concerning the feeding, caring, breeding and management of livestock, will open for both Butte and Canal Monday, Sept. 27, at 43-8-D and 13-12-A respectively. The classes will be held on Mondays, Tuesdays, and Wednesday from 7:30-9:30 under the supervision of L. George-Butte and C. Tyrrel-Canal. Classes in beef, poultry, swine or dairy will start according to popular demand.

SOLDIERS ENJOY CHRISTMAS GIFTS

Somewhere out in the South Pacific theatre of action and in Europe are nisei soldiers who are always grateful for letters we send, and will be more so for any Christmas remembrances we may mail them.

The army policy is such that any Christmas gifts sent to men overseas must be sent between Sept. 15 and Oct. 15, unless a specific request is made by the soldier. Said gifts must not weigh over five pounds gross.

Only twenty days remain until the deadline.

Max Miller Book In Canal Library

Reporting is not a job with Max Miller, of the San Diego Sun. It is the greatest pleasure of his life. He delights to set down his impressions of the shore, the departure of the Sardine fleet, and hunt for elephant seals.

All this is enthusiastically related in his book, "I Cover the Waterfront," now on Canal's library shelf. Other books are "The Education of Hyman Kaplan" by Leonard Q. Ross, "What Makes Sammy Run" by Budd Schulberg, and "The Strong City" by Taylor Caldwell.

Thunderbirds Face All Star Nines Tomorrow Afternoon, Night

Thunderbirds, nine claiming three straight years of Championship in a "Phoenix Semi-Pro League" will make its appearance here tomorrow when they face a 2CAC All-Star group in Canal from 2 p.m. and meet a Butte All-Star Squad from 5:30 p.m.

Visiting Player-Manager Otto Wolf's club is 14 strong. They are to bring a umpire from their league.

Collections will be made from Butte fans who gain entrance through the outfield.

Among the visiting players said to be worth keeping an eye on besides two reportedly good chuckers, is the shortstop and the catcher.

The two better tossers of the five-man hurling corps are Ken Centrell, who may be familiar to local fans as he came down with the Casa Grande team the last time, and Lefty Robbins, a much-raved-about twirler.

More games like this are held unlikely inasmuch as teams such as the Florence Interment Camp nine have already disbanded and are now playing football.

EDITORIAL

HUGE SIGNS DISAPPEARED

With possibilities of tomorrow's games with the visiting Phoenix nine being returned, Ken Zenimura, a long time diamond campaigner and a leader of baseball activities in Butte, said yesterday that he and others like him have hopes that the local fans continue their standard of sportsmanship tomorrow.

He recalled from his long baseball career, many instances similar to now.

Some time ago, back in a California town called Livingston, there appeared huge signs of billboard proportion, "No Japs Wanted."

It was quite some time ago; a long time ago to whom this note is directed. At any rate, someone, somehow, arranged a game between the Fresno Japanese Baseball Club and a team owned by the big shot of that town called Livingston.

The Japanese nine put together enough guts and made the trip--trying especially hard to play clean ball.

Soon there were return games and soon--sure enough--the signs disappeared.

MORAL: The sentiment around Phoenix never was too good for us; it's worth trying here.

2CAC SOFTBALL

FIREMEN, BLK.24

LEADING LEAGUE

Straggling in on a measly 2 tallies, a n over confident and sloppy Block 26 softball combination proudly bit the dust against a grand total of 14 mortifying digits amassed against them by the scintillating Firemen with Kan Yamasaki chucking for the "Redcaps."

To bring the curtain down on the first down the first round of the 2CAC Softball race, the Block 10 aggregation dropped out to a "lucky" Zero ensemble 5-4 with T. Muto saving the fray with a circuit drive in the last frame.

At the close of the initial half, the teams stand as follows: Block 24 and Firemen are neck and neck in the pennant race tied at first spot, while Block 27 and 26 are also neck and neck for second bracket, with the Block Busters, Zeros, 10, and 25 fighting it out for third, fourth, fifth and sixth spot respectively. The winless Globe Trotters proudly claim undisputed ownership of the cellar position.

Vacaville Vs. Block 28 Monday

Block 28 will meet an original Vacaville YMBA Rough Rider nine Monday night at Zenimura Field from 5:45 p.m.

The tilt will be a farewell gesture for five Vacaville horschiders who are going to Tule. The squad composes those from Hinode's and the 2CAC Rough Riders.

Following is the probable YMBA Rough Riders' line-up: First base-Kaz Minamide; second base-Frank Ichimoto or Taxon Tsujita; third base-Joe Shimada; shortstop-Team Captain George Ichimoto; left field-Koizo Komura; center field-Freezer Furuya; right field-Shig Tsujita; catcher-Kanbo Minamide and pitcher-Yosh Shimada.

Kaz Minamide, kid brother of Kanbo, is here on furlough and is expected to leave Tuesday.

George Kanagaki, formerly of Concord, may stand by for any relief chucking.

Block 28 may have a few pick-ups, said Coach Ken Zenimura.
