PROJECT DIRECTOR'S BULLETIN NO. 33.

SUBJECT: FIRE ARMS WITHIN THE MANZANAR RELOCATION AREA.

Effective immediately no fire arms (this includes all rifles, pistols and shotguns) will be allowed within the Manzanar Relocation Area.

Through the courtesy of the 322nd Military Police Escort Guard Company, facilities for the storing of guns and/or ammunition in the Armory at the Military Headquarters at Manzanar have been made available. Guns deposited at the Armory will be tagged, and under constant guard or lock and key. They may be left there or withdrawn at any hour of the day or night but cannot be brought into the Center for any reason. Guns and ammunition should be taken immediately to the Headquarters of the Military Police.
