Whittier, California

WELCOME NEW FARM BUREAU MEMBER:

On behalf of our Board of Directors it is my pleasure to welcome you to Farm Bureau. I hope you will take part in our many activities so that we may have the benefit of your experience.

Your decision to join with other forward-looking farmers and livestock men to build a strong representative agricultural organization is one which will return many benefits to you.

Your name is being placed in Flower Department
and you will receive all meeting notices. We hope you will attend regularly and bring your friends.

As a member of Farm Bureau you are entitled to Farm Bureau Services. Farm Bureau's aim in making available these services is to bring you, a producer - large or small - goods and services at a price comparable to the price at which you sell your products. You are invited to make inquiry at your county office regarding any of the services: Ross-Loos Medical, Group Compensation Insurance, Farm Bureau Petroleum Plan, Cal-Farm Insurance Company, Farm Bureau Health Insurance, and California Farm Supply Company.

Your Farm Bureau membership is for the whole family with the Farm Home Department for the women, and the 4-H Clubs for the young people.

We urge you and your family to take an active part in your Farm Bureau and it will be of greater value to you. In any case Farm Bureau will endeavor to protect and promote your interests.

Very truly yours

Louis F. De Martini, Jr.

President
