

WAR RELOCATION AUTHORITY

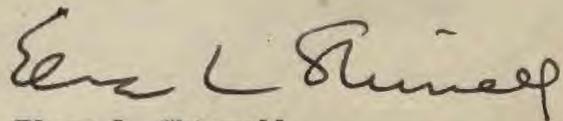

226 West Jackson Boulevard  
Chicago, Illinois

November 12, 1943

TO WHOM IT MAY CONCERN:

This is to certify that George Hideo Nakamura is an evacuee from one of the War Relocation Authority projects. His record has been investigated carefully by us and his loyalty to America has been determined by us, and has therefore been granted indefinite leave to work. Any assistance that any organization can give him will be appreciated by the Federal Government.

I have known Mr. Nakamura for some time. He was employed as a butcher on the government project at which I was the director. He demonstrated to me at the time that I was director his ability, and I am certain that he knows the trade very well. He is honest and loyal, and a good citizen. I therefore take pleasure in recommending him.

Relocation Supervisor
