Dear George

Thanks a lot for a swell letter. Makes a guy feel pretty good to know he has at least some friends back home.

You know it makes a guy feel pretty downhearted to think that even when we Japanese Americans are sacrificing our lives for the United States they still don't believe in our loyalty.

I'm writing a hurried letter so till later and a longer letter I'll close -

Sending something for your birthday and wishing you all the luck in the world in your 15th ~~birthday~~ year cause you'll

need them.

Yours truly
Jennett

P.S. My preinduction physical
has not come as yet but
am expecting it at any
time now.

After ⁵.....days, return to
