Dear Agnes,

Leading a future to
success is like leading a
ship to shore. Before
reaching the destination,
one is likely to have
hardships, worries and
sufferings, but happiness
is soon to follow, just
the matter of time and
patience, so don't give
up - fight for your ship,
I know you'll lead it
to shore safely Agnes dear!

Dear Aggie:

Life is a one-way street. No matter how many detours you take, none of them leads back. And once you know and accept that, life becomes much simpler. Because then you know you must do the best you can with what you have and what you are and what you have become.

Hoping you the best of everything in the future, I remain

Day dreaming might not be so keen but I know that as the months roll into years I will have occasion to day dream and during those times there is no doubt my thoughts will stray to evacuation. Among those dreams will be the appreciating friendships developed with you during those hot days in Wichita as well as Tulsa! Remember the place where we met!! Such an awful place!! The place isn't what it was and I'll always be thankful that I was as fortunate to gain your acquaintance. For prior to that time I had admired your sweet personality, friendliness and your charming ways. I still do too!! You're an understanding. Whatever may be said my sincere wishes for your continued health and happiness.

It was great knowing you Aggie! As this segregation gets into effect, if per chance we must separate may we again meet under better conditions. Won't you remember me as just a neighbor!!
