

In <sup>the</sup> general case, with out ~~digest~~ <sup>study</sup> the national language where we live, its quite hard to ~~study~~ digest its culture.

At the present time I am not able to attain such a higher purpose, but really very hard <sup>even</sup> to speak daily salutation with my american friend, <sup>in english</sup>

My final purpose ~~is~~ studying in English is to write letters in English. I started ~~to learn english~~ <sup>hoping</sup> to speak and <sup>to</sup> write in ~~with~~ <sup>as</sup> common way, I started <sup>in english</sup> to

But it is ~~now~~ harder than I expected. ~~is~~ <sup>our</sup> I am one of the poorest student in my class, where maybe numbering about twenty plus.

To read the reader as to practice the conversation I am a ~~as~~ sample of stupid stammerer.

once I thought, that it must be far better to attend primarily class, and I tried to attend few times in that class to hear the lesson.

But I felt myself as a stranger among these class mates, so that I determined to continue my best effort.

in my original class

As I recognize my self I am  
an inferior student <sup>among</sup> my class mate

when I attend in my english class,  
I am shy and coward like a sheep  
which are drowning to the slaughter-house

when the lesson is over, <sup>I feel my self</sup> all the time  
heavy sweat wet my <sup>all</sup> back

It seems to me to reach my goal  
in english is quite long away,
