MEMORANDUM

TO: Community Council

From: K. Hoshizaki

Subject: Poultry

I have received a memorandum from the Agriculture Division Head, Mr. Hartman, about the same case which I terminated from the poultry yardwork on the sixteenth of last month.

○ Mr. Hartman's conclusion shows that the Foreman can terminate at any time a worker who does not suit his feelings, whether the worker is earnest or not.

I am not satisfied with such anti-democratic and autocratic procedure.

I present this case for you to investigate again.
