

MILWAUKEE AND MADISON, WISCONSIN

WRA Digest of Current Job Offers For Period of March 16 to March 31, 1944
Investigated and Approved By This Office

SUMMARY OF CURRENT JOB OFFER SITUATION

The employment situation has not changed greatly. Lately the trend of those relocating from centers has been to come out on invitational offers to this area and seek employment upon their arrival rather than to come out on a specific job offer. Through the efforts of this office, United States Employment Service, and other individual contacts, they have usually found satisfactory employment within a week or so after their arrival.

SUMMARY OF CURRENT HOUSING SITUATION

Single rooms are readily available but housing for families remain the same; they can be procured but requires patience and effort. This has been eased somewhat for some of the resettlers who are employed in essential work because of the availability of war housing units.
