18 MONTHS IN AN EVACUATION CENTER

Do you realize that many residents have been here 18 MONTHS? Did you ever stop to think that this means over 75 weeks--that for 75 weeks you have either stood still, gone backwards, or made some progress? Has it ever occurred to you that 3 hours a week for 75 weeks means 225 hours? Why 3 hours per week? BECAUSE, if you had spent only three hours per week since you came here, in the study of ENGLISH, you would be able today to speak and read and write ENGLISH. What have you done with these 225 precious and valuable hours?

Are you still saying, junks, peoples, huh, canteens, she go for he goes me go Granada, for I am going to Granada, and many, many more, incorrect expressions--expressions that you can hear any day, any place, or anywhere, in and about the Center?

YOU have never had the wonderful opportunity you have today, to learn English, to improve your English, to learn to write letters and to learn to carry on an intelligent conversation in English--and it's all free--doesn't cost you a cent--all you have to do is to WAKE UP and begin NOW--tomorrow may be too late, for there is "so little time" left.

You may have been born in America, but it's pretty hard to make people believe that you were, when you speak like a "foreigner".

If you have not done anything to improve your use of ENGLISH, that's YOUR FAULT--you can't blame that on anyone else.

You have had the TIME--you have had the opportunity--you do have the ability and intelligence--there are classes and teachers willing to help you--NOW, WHAT MORE DO YOU WANT?

There is a class and teacher FOR YOU in the morning, in the afternoon, or in the evening, any day in the week.

Get started now and find out that:

YOU CAN learn ENGLISH--

IT'S EASY to write a letter in ENGLISH--

IT'S FUN To study ENGLISH--
