#### WE MUST! WILL! WE CAN!

We must! we will! we can! is the cry of the nation today. Let us analyze the significance of these words. These are chaotic times with many nations engulfed in warfare. Some of these nations are intent upon usurpa tion and the domination of the civilized peoples of the earth, others are the nations striving to end the mad rampage of the belligerent nations and restore proper equilibrium to the confused world.

We of the Untied States are giving wholeheartedly to the quelling of these usurpists. As a model democratic country, it is for the freedom loving people of the wr ld to insure the preservation of all democratic governments and it is mandatory that we aid the peoples of th ose countries who have lost their freedom. To continue without the privileges of a free government is not liv ing: It is just an existence under a lash. The superficiality for such an existence is drastically detremen tal to the progress of civilization.

Whether out on the battlefront or home, it is up to each individual to do his share to gain revenge against the atrocious acts committed by the Axis nations.

#### CANTEEN NOW MOST POPULAR DEPARTMENT IN CENTER

Figures don't lie. Judging from the hundreds and thou sands in number -- of items, customers, coupons, and cash the busiest and most popular department of Service in this Assembly Center, is the Canteen.

The canteen is now in the 6th week of operation. It has grown from its limited pop and candy existence to that of a well-balanced st ore, handling 163 items, selling literally everything from "soup to nuts."
The items allowed to be handled are given them by the supervisor in San Fran cisco, but many articles have been added by popular requests. Prices equal that of the Army Post Ex change, and things not sold at APE's are listed similarly to that of the lowest price of neighboring stores.

Such staggering figures as 2000 ice cream bars, 50 to 60 cases of soda pop, 2400 bars, 750 packages of 5 oz. potato chips are sold. Daily sales average 4400. All items are putchased by coupons. Examples of orders given out at a single time are such as 50 cases of facila tissues, and \$1500 worth of cigarettes. In addition to the grocery, confection ary, drugs, and notion it-

ems, current magazines will be the newest addition.

The Canteen has increased .. its staff to 21 persons, working under Mr. Henry store executive, Keller, store executive, and Mr. MacAllistir, cashier. Ben Higashi and Ronald Shiozaki are co-managers of Sales and Accounts and Purchases Departments respectively. Open 10 a.m. to 4:30 p.m. on week days and 1 to 4 p.m. on Sundays the Canteen is real competition to any small town store. When figures run up into hundreds daily, it's big business -- that's no lie.

Jobs Open To Populace

Due to the fact that many are leaving for the sugar beet fields, many openings for panwashers and general laborers need to be filled according to the Employment Bureau.

Workers to engage in straw mattress work are much needed, also.

The outcome of the game was practically settled in the initail inning as the Bachs scored four times on three hits and the same number of S.P. errors. The errors were all chalkedup against : shortstop Johnny Tanaka, who during the inn ing seemed unable to hang onto the elusive apple.

Settling down after his shaky start, Ikey Tsugawa allowed only one run more during the remainder of the game, that one coming in the sixth on an error, . and Tsu Kodama's hit.

Indicative of the superb hurling on both sides was the number of strike-quts credited the two pitchers, Soyejima getting 8 and Tsu

The game was the last of the season for the victorious Bachs, but the S.P.'s have yet to face the cellar-dwelling Little Giants.

The high-flying Russellville Ramblers defeated the Livestock Goons by a 14 to 8 count Sunday evening in a feature girls! softball game.

The biggest rally of the game occurred in the sixth canto when the Ramblers bunched fourhits and three errors to push across a to tal of six runs.

The low scoring of the clash can be directly attributed to the tight play ing of both teams, only 18 errors being committed by the two squads, nine by ea

Hitting star for the day was Susie Heyamoto who in five trips to the plate, reached first each time, three times on base hits andtwice on Goon misplays.

The victory left the Rambler lassies in undisputed league leadership with a clean record of four wins and no losses.
