LOVE TAP....

Crash! Wham! Bang! Another pedestrian hits the dust for a full count of ten. No, we have no autos trucks, or street cars to worry about; but we do worry about those hit and run drivers. Yep! you guessed it, we're talking about those tri-cycles, wagons, and scooters that dash about to and fro so freely, knocking everybody and everything standing-up down in one love tap. And those drivers really must get a kick out of it. Some of 'em are no mummy's lil' darling, believe us. We've been tapped.

MORE ROOM....

Jive lovers will find the already crowded Henry Thiele building overcrowded when the next shin-dig rolls around in a week hence tomorrow. The centers butcher's quarters are being built in one corner of the not-too-large dance floor. The number of rug-cutters will either have to diminish or a more spacious location be secured. "B.O." Bounce isn't exactly the type of dance that appeals to the dance loving populace. And by gosh, "B.O." is the thing when oh so many stuff themselves up in limited space. TUT! TUT!....

Dem dishwashers aren't so fond of 'em red stuff that so often appears on de cups. And ditto for the majority of the populace that drinks out of 'em. They call that stuff lipstick, do they or do they not? Any hoo, lipstick doesn't belong on cups; but somewhere else. Where? Draw your own conclusion.

A THOUGHT....

We can all make this a better community in which to live in, if more constructive rather than deconstructive criticisms were voiced. Nuf sed, so we sign off with a 30 mark.

LEISURE TIME

Under prevailing conditions it is advisable to cultivate an interest in utilizing our leisure moments with enjoyable hobbies, and to have some method of emotional outlet in the form of recreation.

Loitering and general wandering around this camp will lead only in extending the degree of restlessness in an individual. Such are the causes of sluggishness and loss of initiative.

To offset such factors of detriment, we are privileged to have at our disposal certain departments that are able to offer us the needed facilities. It is only natural that such facilities be limited. However, with facilities limited as they are, those departments are effectively fulfilling their tasks.

For individual benefit and the benefit of the community as a whole, we should take measures to keep our morale in a state of buoyancy.

interviewing—"Chappie" King

Bridged or unabridged, the chapters of Mr. Charles Griffith King's life are not dull by any means. He's the kind of fellow who joined the armed forces at the age of 14 during the last world war, and was overseas at 15. He's the kind of a fellow who spent a single summer refereeing prize fights, playing a trumpet in a dance band, running motion pictures, managing a baseball team, and being a life guard at a beach resort. He's a fellow who is a great organizer of clubs, the most recent and favorite is "I Hate Trowbridge" Club (the sentiment is entirely of the interviewed man, and certainly not the Evacuzette's) He's a fellow who is liked by everyone, is fondly called "Chappie".

Born in a little Oregon town, Kingston, named for grandfather King, Chappie

greeted the world on April 17, 1902. Beginning high school in Albany, he finished at Franklin high after returning from France. He received his BS and MS degree from the U of Oregon, majoring in education. His present position as director of recreation and education in this Center is just a "summer vacation" to him, for with the toll of school bells this September, he will be found behind the principal's desk at Creston School.

Heading his hobbies and special-likes list says Mr. King, is his wife. Golfing, swimming, strawberry short cake, are also tops with him. His favorite music is one written by his wife, not yet published, entitled "Bonfire on the Shore". 5 ft. 7, brown-wavy-haired, twinkling blue-eyed, and a jovial 172 lbs., Chappie is really quite a chap!

TALENT REVUE SCHEDULED FOR TUESDAY NITE

Entertainment for young and old, Issei and Nisei, ladies and gentlemen--in short--diverting performances for everyone's enjoyment will be presented in the coming gigantic All Center Talent Revue. This show is scheduled to take place next Tuesday, July 14, either in the Arena or out of doors--the locale depending entirely upon the weather.

A dress rehearsal will be held Sunday afternoon in the Arena at which time the public is requested to kindly remain out of this designated place, thereby, allowing the participants the much necessary privacy.

CINEMA OUT; "LAST MINUTE" DANCE ON TAP

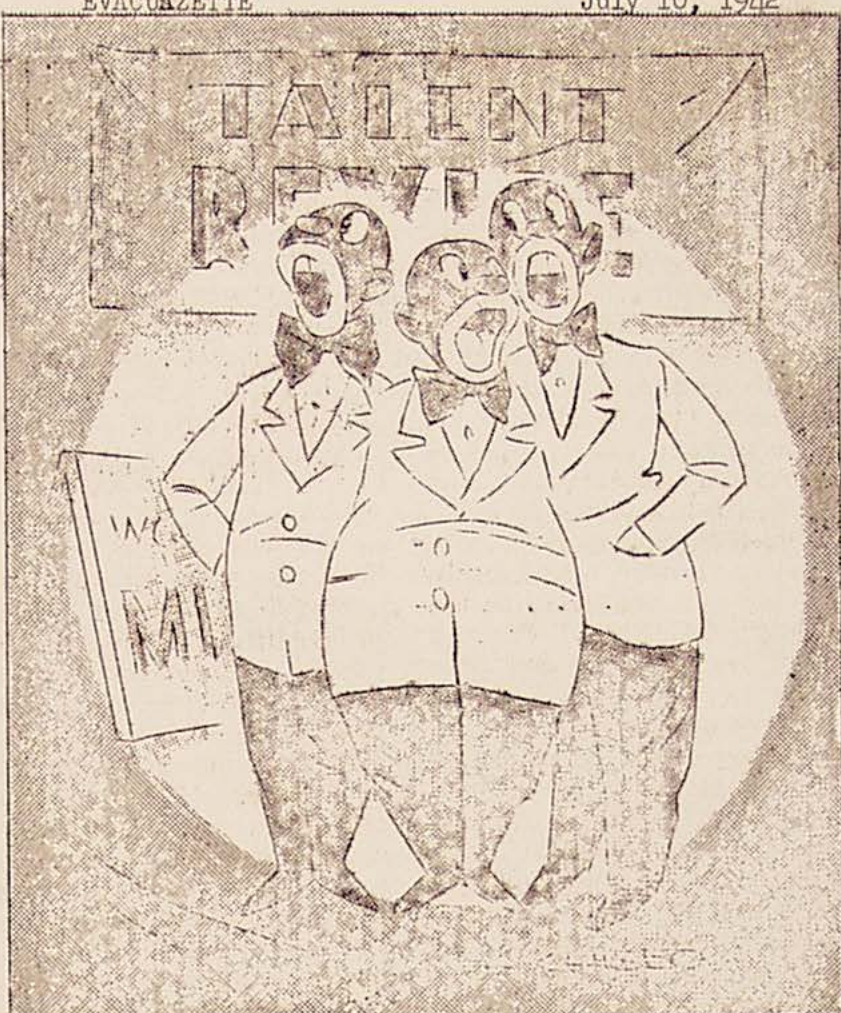

Due to the fact that no good movie is available, the Recreational Department has cancelled their original plans of presenting a movie tomorrow (Saturday) night instead of next Tuesday. This coming Tuesday is the date of the Talent Revue; therefore, the next show will be sponsored a week later.

To fill in the vacancy created by this cancellation, the attendants of the department will sponsor a "last minute" dance in the Henry Thiele building tomorrow evening beginning at 8 p.m.

HEALTH HINTS

- Those persons who have considerable reactions from mosquito bites should consult their doctors to prevent infections and discomfort.
- Drink lots of water, keep your bowel in good order, and prevent illness.
- Again warning is given to those who persist in keeping easily spoilable food stored in their apartments on warm or hot days.
- The First Aid Station lads are doing a splendid job. Let's thank them when served.

EMPLOYMENT DEPT. ON DUTY

A problem child--an outgrowth of the intricacies of the present economic system is the matter of unemployment, and even in this Center, employment is something of a problem. However with the able performance of the Employment Office under manager George Yamauchi, a smooth functioning order has been created.

Employment was originally solicited and placed by the JACL but with the increasing population and work, it was necessary to establish a separate department. Under the supervision of Mr. H.A. Sandberg, part of the original upstairs office force was used as a nucleus.

If a position is open in a department, the foreman will fill out a 401 requisition slip which is approved by Mr. Sandberg and then sent to the employment office where applicants for that particular job are filed. Final consideration is up to the department, but applicants are usually picked in the order of registration and qualifications. Formerly applicants often made direct contacts with departments but such methods have been discouraged, and no favoritism is shown. The biggest problem of the office is the difficulties of obtaining enough menial laborers, especially among the Niseis.

The employment office has 3 office staff members beside the manager, and 3 foremen to solicit laborers. A complete list of those 16 years and over with experience and qualifications of each person is kept on file. Out of approximately 1500 registered for work, there are 1180 presently employed in this Center.

Please fill in the form below and drop the ballot in a box at the Recreation Office window.

SASAKI, ONISHI ELECTED HEADS

The bus boys of our Center have organized into the WCCA Bus Boys Association, with Ed Sasaki as their president. Officers elected to assist Sasaki are: Kiyo Yamamoto, Vice President; Ken Inaba, Secretary; and Bob Akiyama, treasurer. Tsuguo Ikeda was elected social chairman and for his committee, he has Hank Yamada, Noboru Hironaka, and Tom Kugo.

The waitresses have also formed a similar association. The election results were as follows: Ida Onishi, President; Mona Saito Vice-president; Lois Sato, Secretary-treasurer.

GLENN MILLER LEADS POLL

According to the results of the recent poll conducted by the EVACUAZETTE and the Recreation Department Glenn Miller and his orchestra are tops in popularity with the jiving populace of this Center.

Results of Tune Poll are as follow: ORCHESTRA: (1) Glenn Miller (2) Harry James (3) Jimmy Dorsey.

SONGS: (1) Sleepy Lagoon (2) Jersey Bounce (2) Moonlight Serenade. ORCHESTRA SONG RECORD COMBINATION: Harry James--Sleepy Lagoon Glenn Miller--Moonlight Serenade, Glenn Miller--String of Pearls.

TRADE WIND

PINEDALE LOGGER

The working populace of Pinedale is all set to receive their second checks for work done from June 2 to July 1.

Our anticipation is great.

THE TULARE NEWS

The graduates participating in the Tulare commencement exercises will have caps and gowns.

MANZANAR FREE PRESS

The Free Press comes out with a Japanese section--the guayule experiment is a success--there are many from the Manzanar Center working in a camouflage netting factory--the men and boys are enrolled in needle work and flower making classes, exclusively for males.

TANFORAN TOTALIZER

The items Mentholatum, Listerine, and toothpaste now on sale at the Manzanar canteen were part of a shipment intended for China under the lend-lease program--when a couple went to a dance the mothers were waiting just outside the entrance to escort the couple home!--conscientious parents--oh wot?

Pedestrians of Tanforan encounter the hazard of getting splashed by women who throw their bucket water out on the road.

ISSUANCE OF FREE BOOKS NEARS END

In a few days the first issuance of free coupon books to this center's populace will be completed, according to a statement issued by a canteen official. Some 700 or 800 books are yet to be issued.

Beginning yesterday evening the canteen returned to its former schedule of business which is 10 to 12 in the mornings and 1 to 3 in the afternoons.

Sideline Slants....

SPORTLAND

HOOPSTERS

The recent hot weather (now it can be told) has put a crimp on the unofficial basketball games, which were being played between the various teams, but, a few of the hoopsters are still soon practicing their shots.

COOPERATION

Those in charge of the Men's Glee are singin' the blues these days. Cause--the disappointingly small turnout. Come on youse guys, pitch in and help 'em make it a success.

BIG GAME

Looks like the Bachelors are out to even up the count with the All-Stars tonight. Whatever the 'out come, it ought to be a peach of a game.

YOGIES

The never-safe-to predict Yogoleis lost their final game to the Chains by a 12 to 10 count, but when the "Wrec" Department Staff got together and had a big pow wow, the Yogs came out the victors. Two of the Chain men were ineligible. What a break for the Yogolei boys!

CLUCK, CLUCK

From what we hear, the Montavilla Ramblers, Girls Softball League champs, had a chicken dinner feed in honor of their coach, Jimmy Tanaka, last week.

That's all for this time. See you-all at the games.

BACHS, "STARS" TO PLAY HURLING DUEL PROBABLE

The hard-hitting Bachelor ten will be out to avange last Sunday's defeat when they meet the classy All-Stars again tonight at 7:00 o'clock in a return clash.

The game promises to be another pitching duel between Ben Soejima of the Bachs and husky Chuck Itami of the All-Stars. In their last duel, Soejima allowed only two hits, while Itami gave up only four.

Both teams are well-balanced in hitting and fielding with neither team having any noticeable edge over the other in any department.

"AA" SOFTBALL SEASON ENDS

The spring season of the class "AA" softball league was officially ended yesterday when the Chains beat out the Gresham Gophers by a close 8 to 7 count.

In other games of the week, the Country Cousins defeated the hapless Little Giants by a lop-sided 16 to 2 score last Wednesday, while the Yogoleis won a 1 to 0 forfeit victory over the Chains on Tuesday night.

The Chains actually defeated the Yogoleis by a score of 12 to 10, but since they used two ineligible men, they were forced to forfeit the game.

The new late summer season will begin next Friday, July 17.

Carrying the main part of the hitting burden for the Bachs will be Jack Yoshitomi, Ralph Takami, and Tsu Kodama, a "Big Three" of long hitters. The hitting on the All-Stars is evenly distributed, each player a sure and dependable batter and able to collect his share of base knocks.

The fielding of both teams is superlative as can be evinced by the fact that in their last encounter there was committed a total of only one error, easily the best fielding record of any game played thus far this season.

Mr. "Chappie" King, head of recreation in this Center, will be at the game to judge the quality and speed of the softball play on here. If possible, a game between the All-Stars and some outside team of approximately the same caliber will be arranged.

Tentative starting lineups for both teams are listed elsewhere on this page.

SHOWAS, CHAINS TO MEET SUNDAY

The second-place Showas face a dangerous threat to their next-to-top position in the "AA" baseball standings when they face the strongly-reinforced Chain Gang #1 this Sunday afternoon.

The Chains have been greatly strengthened by the addition of many players from the recently disbanded Bachelor nine. Some of these reinforcements are Ralph Takami, slugging outfielder, Tsu Kodama, first sacker, and Butch Hattori, catcher.

In the day's morning clash the undefeated Midgets face the weak, collar-dwelling Wapato team. The Wapatos were the victims of a 22 to 8 thrashing at the hands of the Chains last week.

Two evenly-matched teams will meet in the last game of the day when the Old Timers and the Gresham Fujis clash. At present the Wapato oldsters are a rung above the Fujis in the league standing.

Recreation Notes

Managers of all boy's softball teams now playing in either the "AA" or "B" leagues, and of any teams desiring to enter either leagues are requested to meet at 7:30 p.m. on Sunday night in section 6.

The Canteen boys will clash with the Timekeepers to tomorrow night in the Center's first inter-departmental softball game.

The class "AA" Bachelor ten will meet the class "B" champion Invaders next Monday, July 13, to decide the All-Center Championship.

A basketball coaching class is being held thrice weekly under the guidance and direction of Mr. "Chaplin" King. The purpose of the class is to teach educational and recreational leaders and coaches of young basketball teams the fundamentals, techniques, and psychology, etc. of basketball.

PIRATE NINE BEATS FARMERS BY 19-18 SCORE

In a free-wheeling, high-scoring game, the Portland Pirates slugged out a narrow 19 to 18 victory over the Gresham Farmers last Wednesday afternoon in a class "A" baseball fracas.

Wildness on the part of Willie Sata accounted for most of the Pirate scores as 16 Pirate batsmen reached first on free passes. In the first inning the Pirates made six runs on no hits and in the final inning they scored four times, again without the aid of any hits.

The Farmers had their biggest rally in the sixth canto when they combined 9 hits, a walk, and an error to push across 10 runs.

In a class "B" game the Sauerkrauts swamped the hapless Linnet nine, 14 to 1, last Thursday.

TANAKA, ONISHI IN SEMI-FINALS

The All-Center horseshoe tournament is rapidly drawing to a close. Of the 36 teams originally entered in the tourney, there are but seven left.

The Frank Tanaka-Tom Onishi team was the first to enter the semi-final round when they defeated the Niguma-Kajiwaro duo by scores of 21-15, 19-21, 21-17.

Hito Hoyamoto: A scintillating star in both baseball and basketball, holding down the shortstop berth in the former and playing forward in the latter, both for the Showas. As captain of Gresham high school's varsity casaba squad, in his senior year he was voted on the league's All-Star team. He was also given an All-Northwest forward position in the 1941 Japanese Northwest Basketball Tournament.

George Wada: A three-sports man while at Wapato Hi, playing baseball, basketball, and football. In his senior year he was voted the most inspirational player of the football team. At present he pitches and plays in the outfield for the "AA" Wapato baseball team.

Ralph Takami: A baseball and basketball star at Lincoln high school in Portland and at Oregon State college. At O.S.C. Takami was a three-year letterman as one of the Beavers' pitching mainstays. He now plays left field for the Chains in "AA" baseball, and for the Bachelors in "AA" softball.

Two of the pre-tourney favorites, the Koyama-Sasaki combination and the Shiozaki-Yamauchi team, will meet sometime today.

All quarter-final, semi-final matches will be played best three out of four games. So far, each match has been decided on the best two out of three games. The entire tourney will be run off by Monday night.
