Mr. H. Ichihara
Director, Area D

Dear Mr. Ichihara,

In regard to the movements of individuals and their baggages from area to area, I have been informed by Mr. Clyde Randall, W.C.C.A. Housing Officer, that all such movements and notifications to the individuals will be conducted by his staff. I have given the order to the out-going areas that such movements will be taken care of by the out-going area. Please cancel. Mr. Randall's decision was due to military restrictions on movements from area to area.

Data: Please instruct all police chiefs to get in touch immediately with all Tulelake volunteers who wish to visit friends and

relatives in other areas. The WCCA has approved a plan for inter-area travel for these individuals. The procedure will as follows:

All volunteers wishing to visit friends in other areas are to register at area headquarters. These people should be

counted and checked in and out of areas in groups. The area director or his duly appointed representative must assume

responsibility for releasing and admitting these groups. It is possible that some individuals might wish to visit friends

or relatives in more than one area. This detail will have to be worked out by the individual area directors. The WCCA

civilian guards will escort these groups from area to area.

Decision: It is highly important that these visits be carried out in

an orderly manner. Please submit information on number of volunteers and time for departure from area on visits

Re: Press report of Gov. Clark's attitude re Japanese

Data: U.S. Employment Service officials are contacting Governor Clark of

Should he admit voicing such sentiments, the matter will be taken up

Re: Sanitation in Kitchens

Data: Following is a list of rules and regulations which our office has drawn up regarding Sanitation in Kitchens. If anything has been overlooked, please add to the list and send us approval so that we may have them posted immediately.

1) There is to be absolutely no smoking in the kitchen while on duty. Also there is to be no smoking in the kitchens near foodstuffs at any time by anybody. This also means near clean dishes and any and all utensils used in the kitchens.

2) All kitchen help i.e., cooks, assistants, dish-washers, etc., must be properly clothed at all times while on duty so that loose hairs, perspiration, etc., will not contaminate clean utensils, dishes, and foods.

3) All kitchen help must remove their aprons when leaving the kitchens. Under no circumstance are they to leave the kitchens while wearing their aprons.

Decision: 4) A suitable implement such as forks or large spoons should be used in transferring food from pots, pans, or other containers to the individual plates. Hands must not be used in the transferring of the food to the plates.

5) After each washing, all china and all silverware must be dipped in dilute chlorinated solution for at least two (2) minutes and then rinsed before re-use.

THE KITCHENS AND MESS HALLS AND THEIR STAFFS AND THEIR EQUIPMENT MUST BE KEPT CLEAN AT ALL TIMES.

Re: Use of public address system.

Date: Please caution personnel public address system was released

for use in Area D on condition it be used for concerts and music during meals. Believe dances would come under this category. However, I have noticed PA system has been used for announcements during meal times. Caution should be used to see that only vital announcements be made. Announcement re fuse shortage and use of electrical equipment would be considered vital. Care should be taken to see that only individuals speaking first class English be permitted to make these announcements. Announcer during evening meal of May 25 certainly did not qualify. Music during meals should be tuned down to a pleasant volume. This is merely a routine communication on something which has come to my attention, and outside of direct references above, no particular incident is being singled out. I trust you may use your good sense in laying down policy for personnel.

Re.: Garbage can.

Order: Our supply officer reports that there is a stock of

garbage cans in the camp warehouse. A requisition is still

Acknowledged receipt: outstanding for fifty which has not been
received. This shortage has made it extremely difficult for the
sanitation crew to keep the area clean. Please arrange immediate
delivery of the required stock.

Re: Camp Inventory

Date: Will you please order your information officers to get the following information out as quickly as possible. We suggest posting on bulletin boards, announcements in mess halls if you have a public address system available, and also translation into Japanese. I request that you all copy the following form verbatim:

"An inventory of all government property in the camp will be held on Thursday evening. This is only for the purpose of counting the number of government articles in each apartment of the camp."

- The number of items*
1. A member of the family in every apartment is requested to be home at 8:00 P.M. Thursday when the inventory will start.
 2. It is requested that **individuals** arrange any government property in their apartment so that it can be counted easily and quickly.
 3. Please include any army blankets that were issued to you ~~on~~ ^{since} your arrival at camp in this count.
 4. Please return all tools to the tool shed by 8:00 P.M. Thursday.
 5. Please return all dishes and other silver to the kitchen by 8:00 P.M. Thursday.
 6. Please tell checker of any supplies that you might have from the hospital.

"Your ~~whole~~-hearted co-operation in this matter will be greatly appreciated and will also reduce the time required very greatly. Thank you."

Data: Mr. Johnston, Chief of Interior Police informed George Ishihara and myself the following procedure regarding emergency medical cases at night:

First Aid attendant will call sentry on duty who will telephone WCCA switchboard which is on 24 hour duty. Switchboard will notify hospital, and WCCA policeman on night duty will pick up doctor, nurse and patient in ambulance. First Aid attendant's responsibility would seem to end, so far as getting a doctor is concerned, when he informs military guard on duty.

Re: Please refer to Area chaplain and recreation officer

Data: It is recommended that you two officers work together with your area director to put on a suitable non-sectarian program for tomorrow. Schedule it during the day at a convenient hour. This will vary in the different areas. 2 p.m. is a suggested time. Appoint a capable chairman who can speak both English and Japanese. It is recommended that you start the program with the Boy Scout color guard bringing the flag, Star Spangled Banner, etc. Arrange for some music perhaps a solo and the choir. Have the choir pick a hymn suitable for the occasion. We believe other faiths will not object to the choir. Have Memorial Day talks in English and in Japanese. Have a minutes silent prayer. God Bless America will probably be an appropriate close for the program. In all the program should last not more than an hour. See that the speeches are short.

Use your own discretion and work from this skeleton outline.
We will expect written reports on your program.
