FRIDAY, AUG. 28, 1942

THE SOUTHWEST WAR: The struggle for air-sea supremacy in the southwest Pacific continues as the battle of the Solomons entered into a renewed stage. Six more Japanese warships are reported damaged in the latest battle, bringing to total 13 Japanese ships to feel the might of hard-hitting Allied airmen. These losses to the attacking units occurred as the Japanese made a desperate attempt to recapture the islands lost to the United Nations.

Significant was the Navy's optimistic statement that "the results, to date, of the battle for the retention of our foothold in the Southeastern Solomons are encouraging." The Navy is not in the habit of making optimistic statements while a battle is in progress. The latest victims of American air power—dive bombers, torpedo planes, bombers and fighters—were two Japanese destroyers and four unidentified vessels.

THE COUNTER ATTACK: While the Nazi war machines edged closer and closer for a siege of Stalingrad, Moscow suddenly announced a great offensive on a 72-mile front northwest of the Soviet capital which hurled the Germans back 25 to 30 miles, killing 25,000 of them and recapturing 610 populated places.

Marshal Fedor Von Bock was said to be using 750,000 German troops and 11,000 tanks in a pincer onslaught toward the Soviet steel city of Stalingrad. The Germans announced that the Russian defenses were crumbling and great fires in the city can be seen from the Nazi battle line.

THE ELECTION: Earl Warren, Republican and Democratic nominee for governor and present attorney general of California, is leading Governor Olson by nearly 2 to 1 margin in the total votes cast in the latest primary returns.

However, Governor Olson was assured the Democratic nomination, although Warren made serious inroads into his margin.

State Senator Robert Kenny of Los Angeles, seeking nomination for attorney general, walked away from his Democratic opponents by a wide margin while capturing the Republican nomination at the same time.

THE DESERT: As a prelude to the coming all-out warfare in the middle east and Egypt, Allied air forces struck simultaneously at General Erwin Rommel's axis troops and Greek islands yesterday.

Seamen called

To special meeting

To make contacts with government authorities and union headquarters in getting employment on ships sailing the Atlantic and inland waters and also on the East Coast docks, members of the National Maritime Union, the Sailor's Union of the Pacific, the Marine Cooks and Stewards Union, the Marine Firemen and Oiler Workers Union and the International Longshoremen and Warehousemen Union will meet Saturday, 8 p.m., at block 15-1-1.

The meeting is being called by Martin Tanaka and Koji Ariyoshi to determine the number of members in this center of the various seamen's unions so that contacts can be made with the proper Union officials.

Co-op body signs To incorporate

First, epochal meeting of the Community Enterprises board of directors took place last Tuesday night with the signing of the papers of incorporation the main item on the agenda. The papers were immediately sent to the California secretary of state and will probably return in ten days, making the Community Enterprises a legal organization.

The recently elected board of directors serving in honorary capacity include: Hiroshi Neeno, H. Inazu, George Shinno, Harry Hotta, K. Sugihara, Dick Shiroyama, Sadaoyoshi Masuda, George Matsumura, K. Fujino, Shigematsu Takeyasu, Hideo Okada, Y. Suguma, K. Tsuchiya, Gen Nakamura and E. Fujisawa. All were present at the meeting.

Also discussed were the problems of the various committees.

Clear textbooks

Before final evaluation of pupils' work can be turned in, all students of the summer tutoring session must clear their textbooks at 7-1-4 immediately. Because the time left is so short, all work for credit must also be turned in or reported for evaluation with the department heads.

Joint Meet

Joint meeting of the Japanese and Caucasian Junior Matrons clubs under the auspices of the YWCA will be held tomorrow afternoon at 2-15 from 2:30 to 4 p.m.

Community singing will be led by Mrs. Axel Nielsen. All women interested are invited to attend, with an invitation to bring their mending, darning, knitting or crocheting. Plans to form a combined group will be formulated.

To notify workers Through press

Workers who haven't received their July wages will be notified through the Free Press, announced E. H. Hooper, senior administrative officer, as soon as the money arrives.

At the present time, the fiscal staff is making payments to the canteen and community enterprises employees, social workers, freight crew, typewriter repairmen, electricians, and outside carpenters.

Barber shop Opens next week

Manzanar males may soon shed their shaggy locks as the Community Enterprises barber shop schedules its opening sometime next week. Amateur barbers may now put aside their shears, announces Sho Nakata, in charge of the barber shop which will be located at laundry room in block 16.

All barber equipment with the exception of clippers has been received and is only awaiting installation. The tonorial establishment will boast 9 or 10 chairs with barbers in constant attendance.

Haircuts will range from 15 cents for children and 25 cents for adults with all proceeds going to the Community Enterprises.

Barbers will be paid by the same organization. Sixteen or more barbers will be given employment and they will work in shifts, it was revealed. The shop will probably be open from 8 a.m. to 6 p.m. Assisting Sho Nakata in the management of the shop will be his brother, Kiyo. Both operated shops in their previous communities.

Farm jobs may Start in October

Hard workers will get preference, while deadheads, drones and lazybones will be barred from furlough jobs in Idaho beet fields—if the rules and regulations committee recommendations are adopted for Manzanar residents, it was announced yesterday.

Purpose of the regulation is to assure adequate and satisfactory earnings as well as to maintain harmonious relations among workers, according to the committee which met Wednesday night at 2-1-1 under chairman Sumi Ushimura.

Over 300 applications have already been received and approximately 1000 Manzanar men and women are expected to apply for furlough employment, with tentative schedules calling for first departures in October. Applications are being accepted at the Employment office, 1-5-2, at present.

Employment is already being offered by the Amalgamated Sugar Company of Idaho whose representative in the field, Bert McCullough, visited Manzanar yesterday, accompanying six members of the first furlough group on their return here.

Because earning depends upon capacity for work, the need for vigilance in "weeding out" incompetent applicants and those desiring to sign up "just for the trip" is emphasized by the rules and regulations committee. Submitted to Project Director Nash for approval is the committee's recommendation that: "Only those workers who are selected by the Board of Examiners shall be permitted to leave for work."

All outgoing labor will be organized. Heading the entire contingent will be a Camp Council, to be formed with the assistance of the Board of Examiners.

Furlough work will be limited to agricultural labor: topping sugar beets and digging potatoes.

Possibility of relocation in inland farm districts for workers who wish it is held out as an incentive for Manzanar residents.

Beet workers return

Six beet workers returned to their homes yesterday from the beet fields in Rupert, Idaho. The following arrived at 9:25 a.m. by bus from Rupert: Johnny Tamaki 10-7-2; Ned Medori Tsuma 15-4-3; Yuji Natsume 15-8-2; Itsu Hamano 2-5-1; Akira Nagao 2-5-1; and Isami Miyasaki 2-5-1.

From Fort Missoula hailed Minoru Hori 5-4-2, on Aug. 26, at 8:30 a.m.

Local school system Faces difficulties

Shortage of certain types of equipment affected by priorities, and shortage of teachers, are the two main difficulties created by the war situation which may throw the Manzanar school system off its schedule. To avert this Mr. Hesse, new vice-principal of the high school has gone to Los Angeles at his own expense to employ more teachers and make arrangements for necessary equipment.

Dr. Genevieve Carter, superintendent of education, assured that in spite of difficulties, all efforts are being made to start the school sometime in September, and called on the cooperative spirit of residents in understanding the problems which war conditions have made inevitable.

HARVEST TIME FOR VICTORY GARDEN

It's harvest time in many of the Victory Gardens in the main firebreak at the center. Pictured here are several girls industriously weeding. Residents are finding these gardens a healthful and invigorating way of spending their spare time. Cut courtesy Glendale News Press

Manzanar Victory Garden, composed of three acres in the firebreak, is making an important contribution both in food value and experimental value.

With almost a thousand people participating in this project on a voluntary basis, the Victory Garden project has already received in the following ways:

- (1) As a source of food.
- (2) As a morale builder and hobby for the residents.
- (3) As a source for beautifying and furnishing materials for landscaping in Manzanar.
- (4) As an experimental station for the community.

The following vegetables have been raised successfully in the garden: radishes, squash, pumpkins, onions, all kinds of cucumbers, egg plants, turnips, beets, green peas, beans, corn, cabbage, celery, parsley and melons. About three thousand crates of vegetables are expected to be harvested from the garden before the frost arrives. Kitchen No. 5 alone has already received 60 crates of vegetables from this garden.

Flowers are also grown in the Victory Garden. There are about 2,500 wild rose bushes budded already and many more will be

budded this fall. These plants will be transplanted later this year in the various areas in Manzanar to help beautify the center. Besides roses, there are many other kinds of perennial and annual flower seedlings.

Approximately 10,000 flower plants have been given away thus far. Among the recipients have been Children's Village, administration center, recreation center and many private individuals.

The Victory Garden has not hindered the people working in other projects. It has not taken

Shooting The breeze

By MARY KITANO

A LA LINCOLN

Befitting a newspaper more in part of a speech by Abraham Lincoln in his 1839 Douglas debate, which hangs on the wall of the Free Press office. "Many free countries have lost their liberties, and ours may lose hers. But if she does, be it my proudest pride, not that I was the last to desert her, but that I never deserted her."

SERVICE DE LUXE

One of the most popular spots in town is Kitchen 24. Their friendly atmosphere, warm hospitality, and super service transform the mess hall into something unique. The clatter of plates and the patter of chatter plus popular song hits via the public address system suggest a make-believe restaurant. "Blue Champagne" is the most appropriate melody as the setting sun behind the western mountains casts huge, purple shadows.

CANTEEN COWBOYS

A group of eight hard-working girls have temporarily organized an exclusive club with plans to call their lowly pledgers "canteen cowboys." Selection of a club name and ideas for initiation are being mapped. If the innocent bystander happens to see any of these "cowboys" performing some queer tasks, never mind the psychiatrist, but don't say we didn't warn you about pledging.

GRIDIRON SEASON

Big fellows, and little boys, toting the pigskin bring the All-American sport, football, right back into the seasonal spotlight. Greatly missed this year by college going residents will be the pep rallies and the blaring bands with their high-stepping, fancy-strutting drum majorettes. Remember that Scotchman who always yelled "Get that quarterback, get that quarterback!" at all the games?

'YAH-BUT' Makes Debut

The cat's out of the bag! Bob Brown, mentor of the Free Press, rolled into the office yesterday morning with a badly-frightened feline mascot for the Free Press.

It is particularly significant that the kitten is "black and white" and was yowling like a miniature mountain lion. It popped out of the well known "bag" and clambered up Brown's shins as if they were a tree trunk, "barking" Brown's legs severely.

As deadline neared cat fights were raging over the little kitten. What to name it? "Black and White," "Printer's Ink," and "Smudge," were some of the suggestions.

The editor held out for "Yah-but" since members of the press were notorious talker-backers. "If the recreation division has an 'If-nit' because they're always temporizing and changing their minds, we ought to have a 'Yah-but,'" she said.

Circulation Manager Harry Yamashita's dormant paternal instincts were aroused, and he undertook the role of wet nurse.

STRONGER SEX?

Dentists don't think so

After the DEADLINE

By HARRY HONDA

It's somebody else's idea. So I pass it along without thanks. To wreck the enemy pronto. Let the women drive the tanks. —Anon.

That pert suggestion might be considered with women training in Iowa somewhere. They announce 25,000 WAAC's will be displacing the men by next April. However, they won't be the Ladies from Hell who were famous in the last war.—H.H.

RUMOR—There is no truth to the rumor that they are going to revise the calendar and make each month 50 days long just so we can still be called "Buck Privates." Suggested war cry for the defenders of Egypt: "Keep mum, chummy." With liquid stocking solution, it might be an idea if some painted gloves on 'em to match. When did paperhangers start making patterns for bathing suits? . . . Now is the time to have all your front teeth tightened—corn-on-the-cob season. . . . Iowa twins have almost identical fingerprints. Mother will have a fine time discovering who got into the jam. . . .

GASOLINE—Gas chisellers should be sentenced to spend 30 days looking at pictures of sailors dying in the flame-covered sea where their tanker went down. . . . The guy across from me tells: dateless girls are uncalled for. . . . Toss in your opinions, too. . . . What would happen if some barbers would illustrate their funny yarns with cuts. . . . A phone gal has to make both ends meet in order to hold her job, too. . . . Love usually finds a way—but often by a very expensive route. . . . And it's a good idea to play poker with your employer. He isn't likely to raise you. . . .

As the tough, broad-shouldered policeman cautiously entered the dental clinic, few persons noticed the green shade around his gills as he shyly sat on the fatal dental chair. He masterfully tried to control his terror, but alas, it was too much for his emotions. . . . he fainted. . . . he actually fainted.

This unbelievable episode took place several days ago. The supposedly stronger sex usually quail at the sight of a dental chair, while the "weaker" females take it in their stride. The only thing they hate is the nasty drilling.

The kiddies also seem to take the dental clinic in the right spirit. At least they are better patients than their elders.

Making the dental clinic click at 7-8-1 are Dr. Yoshio Nakamura of Terminal Island, Dr. Fred Iwamizu of Los Angeles, and Hiroshi Suzuki, student dentist of U.S.C. Dental assistants are Misuko Nakamura, Kay Inamori, 11 years with Dr. Cowan's office; Nancy Kawashima, doctor's receptionist at J. W. Robinson; and Marjorie Inaba, receptionist. Toizumi is technician, while others include Aiko Hori and Mary Suzuki, stenographers; and Alice Ishii, receptionist.

Dentists at the hospital are Dr. Yoriyuki Kikuchi of Los Angeles, and Henry Aramaki, student dentist of U.S.C. Dental assistants are Maye Noma, LACC; and May Toyoshima. Stenos are Misao Uyeno and Flora Shiohama.

Need for four or five more dentists and typewriters was stressed. Types of dental work done are: extractions, fillings, scaling, fixtures and dentures.—M.K.

AN APPLE A DAY keeps doctor away

By DR. YOSHIE TOGAWAKI

With the help of better diagnosis and the use of toxoid or toxin-antitoxin for children's immunization, the death rate for diphtheria has been reduced in the past 40 years. But above all, to immunization is given the credit for this remarkable change in deaths from diphtheria.

Diphtheria is an illness which starts too often as just a cold. Too often there is hardly any fever and the parents do not bother to have the child seen by a physician. Sore throat is the most common symptom. The very late and frightening signs are nausea, vomiting, heart failure and occasional choking. The infection frequently occurs in the nose or throat and builds up thick yellow covering over the areas attacked. By all means a child should be taken to a doctor at the beginning of a sore throat and not later.

Immunization: Injection of toxoid or toxin-antitoxin is now known to be a very effective measure for preventing diphtheria. Private physicians and all Public Health Departments have used this method as a safe and reliable means of protecting children from diphtheria. This should be done especially for children under 5 years of age.

Schedule: Diphtheria immunization: Monday afternoon 1 to 4 for children under 5 years who have had only one or no injection.

people away from other projects. It has been found with very few exceptions that all the people growing the gardens are either women or older men who are incapable of holding other jobs, or others working in their spare time.

Yoshio Sugihara, assistant farm superintendent, commenting on the value of the Victory Garden, said:

"The contribution of fresh vegetables which has been made by the Victory Garden has been an important one. We feel that it has supplemented the work of the farm immensely, especially this year when we got a slow start. Obviously, the soil is much better than that used by the farm and it is getting so much care and personal attention, making it possible to produce much more through closer planting."

Student nurses may Complete training

Five student nurses working at the local hospital will be able to graduate from their respective schools of nursing if they follow the general requirements and specific suggestions set by Joy Barragrey Stuart, regional WRA nursing consultant. It was reported by Chief Nurse Yone Akita, today.

The student nurses were not able to complete their training because of the evacuation orders. Through the untiring efforts of Dr. James Goto, medical director here, and Chief Nurse Akita, the students will be able to receive registered nurse certificates after they have completed the necessary requirements.

Install new fire extinguishers

Fire crew distributes over 1,000 new Extinguishers to buildings in center

Installation of over 1,000 new fire extinguishers, one to each barracks, has been completed by the fire crew. These extinguishers are placed in a position handy to every apartment, on the outside wall near the center of each building, and are to be used in emergencies to put out ordinary fires before they can spread, stated Fire Chief Frank E. Hon.

'Evening under stars'

Firebreaks 14 and 15 will be the new location for the "Evening Under the Stars" program. The concerts are slated to start at 8 p.m. instead of the usual 8:30 p.m.

Oscar Levant, Eddy Duchin, Carmen Cavallero and Frankie Carle will highlight this Sunday night's piano recital program. As an added feature Hawaiian music by Ray Andrade and Tahitian music by Augie Goupil will be played, while the commentary will be handled by Henry Ushijima.

Funeral services

Final rites for Masako Kurokawa, daughter of Osakio Kurokawa, 3-11-4, will be held at 2 p.m. Monday at 15-15. She passed away June 14 at Hillcrest Sanitarium and her ashes have just been received here.

Fee to be charged For P.A. system

Following announcements were made today by the adult activities department:

Private parties who wish to use the P. A. system for socials are asked to pay a small maintenance fee from September 1. All socials and recreation halls will close at 10 p.m. with the exception of special events, which will end at 11 p.m.

The adult activities department would like suggestions pertaining to games and entertainments in the adult centers.

FRIDAY, AUG. 28, 1942

Otaki's SPORTALKIES

By PETE

It was during the month of April that Dean Uemura, Paul to you, and his recreation staff originated Manzanar's American and National leagues. A second look into our exchange section shows American and National leagues exist in Merced, Poston, Santa Anita, Stockton, Tanforan, Tulare, Turlock and Salinas, the last two now moved to permanent centers.

Manzanar's American league opener found the Giants squeezing the Gophers 6-5 last April 30th. San Fernando's Aces subdued the Yogores 11-6, May 14th, to launch the National diamond. All in all the centers certainly look up to the nation's major leagues and to the nation's number one sport.

HO HUM IT'S GETTING DARK

Longest game registered in Manzanar was when the Mayors' Yoro Shishido and Tommy Teraji of the Giants, battled 12 full innings in the American league. The Mayors showed fight in that game only to lose 3-2. Closest to the record is the 9 innings battles by North Star-Kings and the Diehard-Falcon games.

THREE TRIPLE KILLINGS

Three triple plays are known to have been completed. The Kitchen circuit executed the first one. National league's Yogore Royal Y tilt found the latter in a pitcher to first to second to leftfield to second play. An overthrow at second came back in time from the leftfielder to snag the runner. The Platter Turners completed a third to second to first play the other night. The catch is the runner at first seeing the double killing in front of him thought it was already 3 outs and proceeded to walk out on the field. After ten minutes (maybe not that long) the ball finally got to first to complete the triple play.

THIS IS THAT

After losing every game in the first round the Police Nine of the International league has come back inspired to upset some of the tuffer teams. . . . Most valuable player on his team in the American league is Tom Higa of the Aloha Ramblers. . . . Gopher Taka Goto's three blasting homers in the Mayors tilt seems to be a record for circuit clouts in one game. . . . The newly built casaba backboard, the Bainbridge Yanks are about to put up is something classy with overhanging baskets. . . . Credit goes to Block three. . . . As far as four ball kings are concerned Kae, Hori and Mas Nakadaira take the cake. . . . Six forfeits were recorded in the American league, four being given away by the Owens Pioneers. . . . One reason why Hiro Kayasuga had such a colorful batting average was his ability to run. . . . Look out for the Aces-Gophers. . . . World Series contest soon. . . . The American and National leagues will be picking their official and final all-star teams. . . . Ballots will be issued to each team soon. Being the end of season, the selection will be final and official.

B. Okamura Brings Home Tying Run

Outslugging the veteran Has Beens, the youthful 7-11's crept up on the undefeated league leaders, to hold them down to a 6-6 tie, in a Manzanar leaguer Wednesday evening.

7-11's big 5-2 lead in the 3rd inning held a superior edge over the Has Beens, until a timely hit by catcher Okamura in the 5th brought in their much needed 3 runs to knot up the score. Eight men connected Tochioka, topped with S. Seko's home run marker in outbusting the Has Beens.

L.A. EAGLES SNAG RUSTY NINE, 12-9

A blazing 7-run rally in the 5th inning spelled doom for the Rusty 9's Wednesday with the Eagles ending up on the long end of a 12-9 score. The losers rallied in the last 2 innings but fell short.

In the 2nd inning, 4 successive bingles by Nozawa, Nagao, Yano and Yamashita resulted in a 4-0 lead. With the Rusties yet to score, the Eagles pulled through a 7-run outburst in the 5th on 3 walks, 3 hits, and a 4-bagger by Kanemoto.

Finally, in the 6th with the odds 11-0, the Rusties greeted their attack. T. Tanaka, Nakagiri and Yoshioka unleashed bingles to send 4 runs over the platter. Another 4 runs were all the Rusties could collect in the 7th.

N. STARS, KINGS TIED AT 8-ALL

A hot issue between the North Stars and Glendale Kings ended in another postponement due to darkness, after a knotted 8 tally in the last of the 7th, last Wednesday.

The Glendalers hopped to an early 4-1 lead in the 4th frame. But the Stars finally clicked for a 5th round boom, loading the inning with 7 big runs, which quickly tamed the Kings, and the Stars enjoyed a 3-point edge for the first time. Held scoreless for the 2 final bouts, the Kings began a comeback, matching a short end of an 8-5 with three of their own, tying the fracas at 8-all in the last frame.

Due to the ebbing darkness the contest ended with the Kings having the winning run in scoring position, with one away.

NEW RULING

The heated argument of calling games off in the midst of their most torrid action has again reared up in the recent set-up. Proving that even after the new ruling of beginning all games at 6:30 sharp for forfeit doesn't work in all cases, was the Star vs. King battle which ended in a darkness deadlock.

The latest regulation announced by the recreation department committee is: all contests in the 4 major leagues, production and kitchen loops will be cut short to a 5-inning affair hereafter. This will even govern the Bee league.

B. Sugawara Leads, 'B' Batting Parade

Fernando Aces' Sat Mitsui almost ended a pitcher's dream season, as he hurled a 3-hit ball game against the Westside Warriors, to set them behind a 10-5 score, in their final league battle, last Wednesday. This marks the southpaw's 10th win with the Pedro Yogores, the only team spelling a perfect record, earlier in the season.

A first inning tally by the Warriors was easily held while the 2nd frame found the Aces packing across 5 of the 8 counts brought in the inning, after 2 gone. With 3 figures filling the bases, home run king, L. Sugawara scooted them home with his 10th season circuit poke, and putting them ahead, 8-2.

Held to 5 scattered runs, the Warriors' rally was cut short at every turn in 4 different innings when bases were "sacked" due to shortage of clean-up dynamos.

Ace catcher, Sugawara highlighted the final frame with his 10th homer of the day.

PIRATES SCRUNCH ESQUIRES, 18-6

An 18-run Pirate attack proved too much for the Esquires as they fell to an 18-6 routing Tuesday night in an Owens league contest.

Giving out no quarter after the first frame, the Pedro nine was unstoppable during the rest of the game, smashing across 18 tallies on 16 base hits. Chucker G. Mio was touched for 3 Esquire runs in the 6th but held the enemy at bay allowing but 6 safeties.

Pirates' F. Ono banged out 4 hits in 5 attempts.
