

Information head For Co-op chosen George Matsumura To fill new post

To inject a much needed stimulant into the Co-op Congress as well as to coordinate and disseminate information, the Educational Committee of the Manzanar Cooperative Enterprises, selected George Matsumura, director of information, at its regular meeting last Wednesday night.

Effort will be made to contact cooperative groups in other centers to determine their problems and exchange notes to mutual advantage. Assisting Matsumura in this work will be Mrs. George Shinno.

CONGRESS MEETS AGAIN

To erase the dubious record set by last week's Cooperative Congress meeting which was postponed due to the lack of a quorum, the Congress will meet again this Monday night in mess hall 22 at 7 p.m. Agenda will remain the same as previously announced with the question of shoe repairing shop and new enterprises occupying an important spot on the slate.

All congress members are urgently requested to attend so that these vital questions may be decided this time, without further postponement.

DIRECTORS ACTIVE

The Co-op Board of Directors gathered at the Town Hall last Friday night to discuss the coming Congress meeting as well as the financial problems of the Free Press.

FINANCIAL FORUM

Scheduled also on the Co-op calendar was a special forum to be held some time next week to discuss the financial statement. This meeting will be conducted by the educational committee and all interested residents are invited.

THREE LEAVE FOR JACL GATHERING

Planning to leave for the 10-day JACL National Convention to be held in Salt Lake City, Utah, were Joe Masaoka, Fred Tayama, and Kiyoshi Higashi, representatives from Manzanar. Highlight of the special convention this year will be the presence of Dillon Myer, National WRA director, who is scheduled to attend three days.

It was reported that each center would send two official delegates. With 110,000 Japanese now in relocation centers this year's convention will discuss problems more serious than the League has ever before encountered. Also attending will be Mike Masaoka, national president.

OFFICERS VISIT

Gold braid literally glittered all over Manzanar as an imposing contingent of Western Defense Command officers flew into Manzanar yesterday morning to inspect adequacy of facilities.

Led by Provost Marshall Col. McGill, the group included: Col. Crall, Medical Corps; Major Sharp, Engineering Corps; Capt. Peterson, Quartermaster Corps; and First Lt. Knox, signal corps.

FLOWER ARRANGEMENT

Flower arrangement, the ever popular course, will be taught by Mrs. Gasui Takata, who formerly conducted well known classes in Los Angeles.

Classes will meet on Tuesday and Thursday from 2 to 4 p.m. in mess hall 4 and the next group of classes will meet Wednesday and Saturday from 2 to 4 p.m. at the same location.

The course will be given in the Japanese language and all are invited to attend.

Natural history lesson . . .

A skunk by any other name couldn't possibly smell sweeter, and two skunks smell that much worse — or so that was the consensus of teachers and pupils of 5-15 one day last week, when the afternoon session was temporarily disrupted

by the invasion of two skunks.

The Manzanar elementary schools have patiently endured the lack of benches, tables, linoleum floors and even plasterboard walls for many months, but the experience

with the skunks was just too much. The black and white spotted animals were reported to be living somewhere in the vicinity of Bair's creek.

P. S.—Classes were held out-of-doors while the barracks were being aired.

MORE BOYS HIT HOME

Policeman injured By unknown gang

Injuries in the face and region of the kidneys were suffered by Detective Tom Imai of the police force when he was attacked by unknown assailants while returning home Tuesday night at 8 o'clock.

Attacked from behind, Detective Imai was unable to identify any of his assailants, who fled as soon as Imai was down. No reason for the attack could be advanced by the police heads, who declared that Imai was a conscientious, steady worker who was not the kind to incur special enmity.

"The cowardly attack on Tom Imai can be taken only as directed against the whole police force and we are going to do all we can to apprehend the hoodlums," declared Police Chief Willard E. Schmidt, in commenting on the incident.

FROST DAMAGES LOCAL CROPS

When the temperature dropped to 31 degrees on Oct. 29, the frost damaged many center farm crops, among them cucumbers, okra and melons. Anticipating early frost, the farm crew saved the tomato crop by picking them green. Hubbard and banana squash were also saved because they were harvested prior to the frost.

Crops undamaged by the frost are carrots, turnips, nappa, green onions and white radishes, which are now being harvested for winter consumption by center residents.

The total amount of harvest in October was \$14,075.56, bringing the total crop production figures up to \$39,182.56, as of November 1.

EADES ILL

One of the latest additions to the WRA staff here, Mrs. Alice M. Eades, was confined to her home following a serious case of food poisoning.

Following on the heels of the initial contingent, which arrived Tuesday, more and more furlough workers are homeward bound from the beet fields of Montana and Idaho.

The second group, composed of over 70 workers from Idaho Falls and vicinity, returned here on Wednesday with another group of 50 from Chinook, Mont., arriving yesterday.

The majority of the workers contacted on return expressed satisfaction on the general conditions prevalent outside. A few, placed in unfortunate locations, said that they were disappointed in the reception and working conditions of the places where they were.

Very favorable comments were given by the returned workers on the interest and the fair play evidenced by Edward Burman, field director in the Montana area, who helped the furlough workers considerably in improving relations of the local farmers and populace.

The furlough workers who returned Tuesday are as follows: K. Amino, T. Araihi, G. Fujino, J. Fukumoto, D. Fukushima, T. Goto, I. Hara, T. Hatanaka, Y. Hayashi, S. Higa, G. Higashi, P. Higashi, I. Hiraike, F. Hirashima, A. Hirata, W. Hirata, H. Hori, S. Hosaka, B. Idama, Y. Ige, Y. Ishida.

World 'Y' leader Visits Manzanar

A signal honor came to Manzanar with the visit of the General Secretary of the World Council of YWCA located at Geneva, Switzerland. She was Miss Ruth Woodsmall and with her was Edna Monroe from the New York branch of the National Interpretation and Support staff.

After visiting and conferring with the "Y" leaders here as well as with members of Margaret D'Ille's staff, they addressed an interested audience at the YWCA World Fellowship Week program yesterday.

Two programs were held, one in Japanese with Asa Ikeda acting as chairman and Mrs. Tatsu Kondo, interpreting.

Wielding the gavel for the English speaking program was Alice Asaka, general "Y" secretary. Others participating in the meeting were Kimiko Terama who rendered an organ solo; Eva Tamaki, recitation, Dorothy Ikeda and Jun Aramaki, who led salute to the flag. A recitation was offered by Yoshiye Yoshimura.

The guests were introduced by Mrs. Miya Kikuchi, popular lecturer and former head of the family welfare section.

CALL IN SUGAR RATION BOOKS

All returned furlough workers are warned that sugar rationing books in their possession must be surrendered to the administrative heads upon entrance to the center to comply with the Food Rationing Division of the Office of Price Administration as detailed in Circular Letter No. 64.

Attempts to obtain sugar at outside stores through the use of ration books are discouraged and announcement has been made that such sugar will be confiscated by the authorities.

Line forms to the right . . .

First come, first served! With this motto enforced, the sale of coffee just arrived at the canteen will begin promptly at 10 o'clock Monday morning.

In announcing the sale of what may probably be the last batch of coffee sold at the store, before rationing takes effect, George Nakatsuka, manager, said that each cus-

tomers will be limited to one pound. A shipment of 1200 pounds is on hand but the limit was made in fairness to everyone.

Although Nakatsuka was optimistic and hoped that another order already placed may be filled it was not absolutely certain that the wholesale houses can meet all the demands now on hand.

The sale of the coffee was held off until Monday to give everyone an even break, Nakatsuka said.

The new method of Sunday paper distribution now in effect was repeated for the returning furlough workers. They are asked to place their orders with their respective block managers.

Clothing workers Begin cataloging Slight changes in New Allowances

The almost legendary clothing allowance came another step towards materializing as family workers began last Wednesday morning their tedious work of cataloging and clearing all family work records. This work was expected to be completed by next Wednesday.

SLIGHT CHANGES

Slight changes in the clothing allowance previously announced in the first administrative instruction were made in the new schedule which allots \$3.75 per month for every worker or member of his family over 16 years of age, and \$3.25 for persons 8 to 16 years of age, and \$2.25 for children under 8 years of age.

\$15.00 COMING

It was computed that most workers already have \$15.00 coming for the last four months since clothing allowances are retroactive to last July 1. This was one of the high spots in the entire clothing program which has been slow in getting started.

NEW WORK CORPS COMMITTEE SET

The newly appointed members of the Off-Project Committee of the Manzanar Work Corps will assist in the study of relocation and furloughs for evacuees, it was announced. Making contacts with the outside for possibilities of permanent employment, the committee will carry out its other duties as provided in the framework of the Work Corps.

Appointed to the committee, on recommendation were Elmer Uchida, interviewer at the relocation registration office; Dr. Yoshio Nakaji, recent arrival from Santa Anita Assembly Center and dentist by profession; Justus Sato, head of the manufacturing division and Ken Ozeki assistant chief of police here.

Why don't you try Cleaning the heater

Manzanites are requested by the maintenance department to rectify their methods of lighting oil heaters. The proper instrument to be used, according to Leo Murakami, superintendent in charge, is a bit of cloth secured to the end of a piece of wire or a handy length of stick. A dab of oil on the cloth and lighted makes the igniting of flowing oil in the chamber a simple task.

The general practice heretofore has been the use of papers of all sorts which tend to increase the inefficiency of the stoves with the accumulation of carbon and the clogging of the jets.

More frequently, the so-called "lemons" are purely victims of too much carbon and without a doubt a good Saturday afternoon spent in removal of all carbon and soot (up to the lid) by users of such "bum heaters" the energetic parties will be repaid with dividends of more comfortable quarters during the coming winter.

INSULATION COMPLETED

Contrary to early fall skepticism the entire camp is duly prepared to fend off the coming wintry days as the final stove and wall plaster was put into place a few days ago, according to Superintendent of Building and Maintenance, Leo Murakami.

ITEM

Mr. and Mrs. Jimmy Ichiro Kamada who went to Shelley, Ida., as beet workers have found employment in Salt Lake County, Utah, to do farm work. Although their stay is indefinite, the contract has been made for two years.

Give democracy a chance—

Democracy means a government in which all people have a voice through representation, and the will of the majority is supreme. Democracy also implies certain responsibilities, both for the private citizen and the elected representative.

Although democratic forms are established here, and there seems to be a great deal of interest in civic affairs judging from the sound and fury that has accompanied the Manzanar Charter, we fear that the people do not properly comprehend the responsibilities of a democratic system.

When representatives are elected to office, they are honor bound to represent their constituents to the fullest measure possible. This is a moral obligation that they cannot shirk. It means that they attend all meetings.

We are specifically referring to last week's shameful fiasco, the meeting of Co-op Congress when there was not the sufficient number of representatives present to constitute a quorum. After waiting an interminable period the meeting was called off with the net result — absolutely nothing.

Those who were conscientious enough to brave the cold weather to attend felt cheated, lost enthusiasm.

If elected delegates do not have enough sense of responsibility or interest to attend these infrequent meetings they should turn in their resignations and let another person be elected.

The word, "giri," looms large in the voluminous Japanese dictionary. It means "oral obligation" or "noblesse oblige." Japanese life is regulated by this word. We now invoke it.

Frankly SPEAKING

By TAD UYENO

Of concern to every thinking resident in the center is the fact that hoodlums are trying desperately to make their influence felt here. One of these days they will be behind bars, and we won't feel sorry for them!

Last Tuesday evening a member of the local police force was badly beaten up by these hoodlums. They gave him no chance to fight. Under cover of darkness, they attacked him from the rear, disappearing when they heard the rumble of a truck which they thought to be a police wagon.

These hoodlums are cowards of the first order. The only thing they seem to know and understand is brute force. They haven't the intelligence to think that by their actions they are jeopardizing the welfare of all center residents by invoking unnecessary restrictions on all of them.

I cannot tolerate cowards. The hoodlums who attacked the policeman from the rear in such a cowardly manner showed themselves to be cheap, dishonorable humans of the lowest kind. It is a downright shame that we must have them in our midst.

Without even giving him a warning before striking, they viciously attacked the policeman. I can see nothing noble about how they went about doing things. Only beasts sneak their prey, but they, on the other hand, usually warn before they strike.

Fortunately, the policeman is not seriously hurt. He will be back on duty within a few days.

The center administration has dealt with past rowdiness a little too lenient and thereby gave the hoodlums the courage to perpetrate a series of attacks. It is no longer safe for some people to walk the center streets at night. It is about time the administration showed a firm hand in dealing with hoodlums and ruffians who have no regard for law and order.

Maybe the innocent will suffer with the guilty, but I am for eradicating the unruly elements in the center at any price.

Committee to Work Out School Policies

Policies and powers of the Manzanar schools will be drawn up by a committee composed of Dr. Genevieve Carter, superintendent of Education, Henry Tsurutani, and Yaye Nakamura, representing the P-TA group. This will be presented to the Educational Council for approval or modification at the next meeting to be held on Dec. 15, in 1-4-4.

Hammer and Saw

All week the hammers and saws went through their work guided by the skilled hands of the carpenters and volunteers who insulated the school buildings.

As the Secondary Schools were being insulated, classes were held outside. Approximately 60 carpenters have been working under Hiromi Uyemura, Morimoto, Tadayoshi Sumi, Tokio Nakagawa and Ichijiro Sakata.

With parents of elementary school children volunteering their services, the insulation of the elementary schools were expected to be finished this week according to Kisa Naito.

Children's Clinic

This week, appointments for the Crippled Children Diagnostic Clinic to be held at the Manzanar hospital on Nov. 16, will be sent out. A survey has revealed that more than 30 cases in the center may attend for advice from the specialists. The cooperation and interest of all groups, patients, parents and social agencies have been gratifying.

GROUPS HEAR REPORT ON TRIP

The busiest woman in Manzanar at the present time is Mrs. Miya Kikuchi who, after a tour of the east for a month, has been speaking before parents, organizations and block residents.

After attending a National YWCA Business and Professional council meeting in Illinois, she visited various cities and met with "Y" leaders to discuss Japanese relocation.

In her talks before residents, Mrs. Kikuchi emphasized the high cost of living as compared to the center and the lack of living quarters. She told of a person who advertised in a paper for information of a place to rent. Reward for the information was \$10.

While in Los Angeles, the Manzanar "Y" advisor said she felt neglected because no one paid any attention to her and didn't ask why she was in the military zone when she belonged in a camp. Then on the train going east she met two passengers who were interested in her and a kindred spirit sprang up between the three when it was discovered that each one was an American with ancestors coming from the Axis countries.

During her travels she noted the prevailing prejudice against Negroes as compared to prejudice against the Japanese. For instance on the trains there are separate "Jim Crow" cars for the colored people. On asking many Caucasians their preference they answered that they would hire a Japanese first and a colored person second.

Wherever she spoke, the halls or kitchens were filled to capacity and the listeners were very eager to hear about her trip.

At present he is employed as foreman of the Manzanar Farm Project.

MOTHER'S LAMENT

How strange it seems to bring a son
Through life's grave problems,
one by one.
To keep a vigil at his crib,
To change his diapers and his bib,
To rout the measles and the mumps
To tend to all his childhood bumps,
Yet certain he is worth it all,
To cry a bit as he grows tall,
And then when you are feeling smug—
Find you've raised a jitterbug.

—Rita Stack.
And even if you aren't one of those hep-cats who indulge in some fancy hot rug-cutting or jump with jive, it'll do you good to attend the bar-bell hop coming up next week, followed by the Manzaknight Thanksgiving dance of the 27th.

TO ERR IS HUMAN

But newcomers look on with amusement upon hearing one kibe youth state with definiteness that "I don't like that girl. I don't like historical girls." Why shore! He meant "hysterical." Then, of course, there was a prominent lady of this city who ended up with "Consequenses, it didn't go over."

HOLIDAYS ARE COMING

With songbirds on the radio warbling Christmas tunes more often, we are again reminded of the Yule season. A trio harmonizing "I'm Dreaming of a White Christmas" makes many of us wonder if we'll have a white one this year. Mistletoe doesn't grow around here does it? Who's an authority?

LITTLE WILLIE

Little Willie with his gat
Shot his sister, rat-tat-tat.
Said his sister with a laugh
"Willie, dear, I feel a draft."

GONE WITH THE WIND

And when the boys were all coming home from Montana and Idaho, was their theme song, "Little Brown Jug?" ... One male ghost said to another in a graveyard, "Gosh, it's lonely here. Why don't we dig up some girls?" ... If you fell flat over some guy's feet, would you forgive him if he mumbled, "Did you enjoy the trip?" ... Would you believe the tailor if as he carried the epileptic out of his shop said, "What a splendid fit?"

Clyde L. Simpson, New Principal Gives Views

Better living for the kiddies between the nursery and elementary age groups is to be stressed in a well-planned program for children's education. The need for a definite set of objectives which carries a degree of continuity between the two age groups was cited by Clyde L. Simpson, new principal of the elementary school.

"A definite effort will be made to gain a friendly understanding of school policies, between the parents, teachers, and the community," was the word given by Mr. Simpson.

Young and slender, Mr. Simpson has a solid background with seven years experience as principal of the Springville Schools in Tulare County. He is graduate of UCLA and did graduate work at USC.

His wife and two children will join him here shortly after the first of the year.

NEWS NUGGETS

Graduation diplomas from the Ralph Waldo Emerson Junior High School are awaiting James Mitsuuchi, Henry Ishii and Francis Oana for claiming. They are asked to call for them in the Secondary School office at 1-4-2.

The feminine winner of the Young People's Fellowship contest between men and women was Miriko Nakahama. She will compete in the finals with Harry Sakakihara on Nov. 29. The topic will be "How Can We Apply Religion to Our Everyday Lives?"

Two hundred and fifty gallons of shoyu sauce were donated by Nobutaro Nakamura to the residents of the center and the mess division will divide it among the different kitchens.

Mr. Nakamura heads the shoyu project here.

Reverend Junjo Izumida is expected to leave for Poston, Ariz., accompanied by his daughter and son-in-law as soon as the permit arrives.

He will give his farewell service Sunday night from 7 p.m. at 13-15 instead of the usual night service. After the service the members of the church will give a party. Everyone attending is asked to bring 15c to cover expense.

Mail addressed to the Bunnrindo Book Store, Kobe Nursery, Japanese American News, Japanese Industrial Daily, and Ginza Beauty Shop, all of Los Angeles, has been in our "Not in Directory" files. Please come and claim it at the office, 1-5-5. Request by John Hanamura, Mail Coordinator.

An important meeting of the Manzabelles will be held this Sunday, Nov. 15, at 21-15. President Hideko Minabe will preside at the meeting to discuss the question of the club's participation in the carnival, Christmas plans, and membership.

The reports of the Inter-Y council meeting will be given. The girls will also select a new advisor to replace Alice Asaka, who resigned when she was appointed general secretary of the YWA.

To honor Esther Naito, who is leaving for permanent relocation soon, the combined staff members of the YWA, YMA, and P-TA, gave a "bobby sock" shower for her at the home of Miss Tomi Masunaga, Tuesday afternoon.

Present at the party were Mesdames Michi Imai, Kisa Naito, Yato, Asa Ikeda, Tatsu Kondo and the Misses Alice Asaka, Fumi Shimizu, Mary Yawata, Yoshiye Yoshimura, Saliy Kusayanagi, Tomi Masunaga and Yuchi Hirata.

3000 Books Received

Donations swelling the Manzanar Library by over 3000 books were acknowledged by Ayami Ichiyasu, director of the local libraries.

The Los Angeles Public Library contributed the bulk of the books, sending more than 2616, with approximately 427 being donated by the Beverly Hills Public Library. Individuals who donated were Dr. G. Ledyard Stebbing, E. B. Babcock and Roy C. Cave of the University of California, Department of Agriculture, at Berkeley, who contributed 73 books.

Announcement was also made that the libraries will be closed nights hereafter until the linoleum and plasterboard work is completed.

Student relocation urged By speakers as 200 meet

Students interested in second semester student relocation should file applications through Walter Heath, head of relocation division at the administration building or in ironing room 11, future College Hall, stated Helen Ely in a talk at the first Inter-Collegiate Association meeting held in Mess hall 13.

Persons with special cases such as having previous residence records in Japan or special medical students should write to Howard Beale, executive secretary, and Tome Bodine, assistant to the National Student Relocation Council, 1830 Sutter St., San Francisco, Calif. Beale and Bodine are expected in Manzanar within two weeks, when a special meeting will be called.

Mrs. Miya Kikuchi, in an en-

thusiastic account of her trip east, urged the residents of the camp to relocate into the middle west or south before the war ends. She cited cases where Japanese-Americans are doing well in friendly environments.

Questionnaires to be filed for future reference were filled by those attending. Membership in the Inter-Collegiate Association is open to all high school graduates, junior college and college graduates. The latter will assist in the functioning of the organization.

Other speakers of the evening were Solon Kimball, acting project director; Charles Ferguson, director of Adult Education; and the different committee chairmen recently appointed.

SCHOOL PROGRESS TOLD COUNCIL

On Nov. 11, in 1-4-4, the Educational Council met to discuss the progress made in the schools. It was said that by next week stoves, linoleum, and insulation will all be in.

Estimates for priority purchase of materials necessary for partitions drawn up by the public works will be presented to the WPB.

Dr. Carter reported to the group that 24,000 school test books are now available for use in the Manzanar schools. Supplies and materials are now coming in with the exception of certain scientific materials such as microscopes. Also, a total of 44,000 library books and text

books are waiting to be shelved. Now in use in the secondary schools are 1,000 chairs.

Development of the Adult Education program was reported by Charles Ferguson, director of Adult Education. It was suggested that more classes on adult level be given to the isseis. Plans were made to begin the current events and world music appreciation classes to be presented in both languages.

Council members present at the meeting were Tom Yamazaki, Elizabeth Hawes of the hospital staff, Kisa Naito, Thomas Temple of Community Service, Togo Tanaka, Miya Kikuchi and Dr. Genevieve Carter, superintendent of education.

By YUKI ODAHARA

Things and stuff written by this scribe get terribly boring after a fashion — so today I have a treat in store.

INTRODUCING

Toshi Terasawa — boys' athletic director — with his sayings, ideas, and what ever you might call it.

I don't know if I'm going to help the sport section any by taking over this column for a day, but since I have been asked by the sport editor, I take it as a very great honor ... so now I suggest that you all shut your eyes and start reading.

Now that Manzanar is in full swing with sport activities, I think I'll stick my neck out and give a few dots and dashes and maybe some flashes on the games, players and teams.

VOLLEYBALL ... super du-per outstanding player in any league is Harry Tashima ... Yep, you don't find them like H. T. very often ... But it takes more than just plain skill to get around the courts like Moto Shimizu, Sammy Hasegawa, George Hattori, Tom Higa, and the Sano Brothers ... A-1 team cooperation honors go to the youthful Dusty Nine team. Those boys came a long way in their league.

FOOTBALL as it looks now, the Leftovers are the team to beat in the "Little Six" league. Their passing is tops and as for their running attack, well, what do you have with Murata and Shimizu on a team? ... I think our little friend "Chinaman," coach of the Leftovers is going to have to match wits with the Venice Mentor, Sakie, in what I label THE classic of the year. With G. Okamoto in top shape, that Venice team could go a long way ... and so could that Huskie team with M. Imamoto on the loose ... but if you want pound for pound and inch for inch, just take a look at Min Imai in one of the games ... and may I remind you, don't leave the Yahooodie team out in the fog ... they're improving with every game ... As for the Manzaknight team, well just listen to George Ban and his "Jolson" signals that sound something like this ... "84 ... 69, here we go through the line. 64 ... 94, enee mence mince mo ..."

BASKETBALL ... The boys haven't started their leagues yet. Take the Buc Babes on block 9 ... they seem to have the best "B" team in camp ... and how about the Broncos? You can't count them out. You'll probably see the following teams ... Gophers with Fukushima, Kayasuga, Shimizu and the Goto clan ... Mayors ... maybe no one outstanding star but they'll be there ... Block 12 ... mainly Jimmie Kaneda and Isao Hara ... Block 27 ... they defeated the Block 12 boys in an earlier game this season ... and maybe San Fernando with Johnny Endow ... UCLA's 145 team spark-plug. You can't leave the girls' league which is really moving now. All teams have their stars, but so far, I haven't seen a match for Chiyo Sugimoto of the Dusty Chicks ... Those girls really put on some exciting games ... rough and tumble, smooth and cool like, fast and spectacular, slow and sloppy ... you see all kinds ... they play some mighty hard games but they sure can keep that "Sportsmanship" thought in mind ... and while we on the subject of sportsmanship, here's a good-ditty for all teams to keep in mind: The highest goal of all great teams

Is not to win all games,
Nor is it the honor of Magnificent play,
To gain the Hall of Fame.
For SPORTSMANSHIP comes above all,
It's always shining high,
Especially in that one big game,
When from victory, you're one point shy.

PSK-SHOTS TANGLE MERES FACE MITES

Studding the slate for this weekend's girls' American casaba league will be the Island Termites and the Justameres hooping the loop at 1:30 p.m. in today's tilt. The Termites have one win recorded and no losses while the Justameres hit the .500 mark with one apiece.

The no loss Phi Sigma Kappa gals will be invaded by the hot Crack Shots of Block 30 on Sunday afternoon at 1:30 in what is slated as the highlight on the girls' American casaba weekend menu. If PSK's R. Masuda gets as hot as their last casaba encounter, the Phi's will find the Shots little trouble.

Also slated on the same afternoon at 2:30 will be the Dusty Chicks sinking swishes with the Jinx from San Fernando.

Jinx have made but one appearance on the casaba courts and fell to defeat at the hands of the Termites, while the Chicks have played two, losing one to the Justameres and taking the second by a close margin to the Crack Shots last weekend.

VENICE TO BATTLE YAHOODIES

LEFTOVERS AND BOMBERS TO CLASH IN TODAY'S 'LITTLE SIX' GRID MENU

Clashing on today's Manzanar gridiron will be the Venice Locomotives and the winless Yahooodies at 1:15 p.m.

In their last game, the Yahooodies were able to hold down the highly favored Leftovers to two touchdowns, while to date, the Venice lads beat the Bombers 6-0 in the first league contest and played to a scoreless tie with the Huskies in the second clash.

On the second part of the "Lit-

BUCKS VS. BRONCS

The Buckeyes, champs of the past men's Manzanar Volleyball league, and the Oliver Broncos, winners of the Owens Volleyball league will toss it up for the official Manzanar volleyball title this Sunday at 1:30 p.m.

The Broncos had but one defeat in league encounters while the Buckeyes remained in the 1,000 bracket all the way.

Sport Core

STOP! LOOK! NOTICE! — Sure it's that firebreak recreation center which is showing signs of progress. Under the new and efficient hands of Min Watanabe, that center will materialize in no time flat.

FROM SOUPS TO NUTS — That's right, tennis courts for racketeers — volleyball for those leather tossers — basketball surfaces should agree with all the ambitious hoopsters — horseshoe pits for those lucky laggards — croquet squares for hammering carpenters — and maybe some badminton for the birdie killers. Just hold your breath and leave it up to Min, and the recreation center will have blossomed.

IS IT TALK — But two fair ladies were giving talk about making an ice skating rink up there in block 12. It might be easy to get on that "pool" but once you fall in you'll have a hard time getting out won't you ... Y. U. and M. H.?

UNDER THE LITES — The first girls' night casaba tilt will take place Monday night — under the lights in block 9. The glamour studded Star Dusters and the sub-deb Jr. Misses will battle it out basket for basket.

JUST DROPPED IN — None other than Paul Uyemura — the furlough bitten beet topper.

WHAT'S THE MATTER? — When the entire Justamere cagers sextette come decked out in

4 OTHER TEAMS LAND 2 APIECE

The final selections for the men's Owens and Manzanar volleyball league have been tabulated by the three athletic directors and the sports staff.

In the Manzanar league, the undisputed Buckeyes who were able to retain the lone 1,000 digit, placed 3 on the All-Star berth — lanky Harry Tashima, Ben Adachi and George Hattori, while the Ramblers and Scorpions placed 2, with single Tak Taketomo from the P. A. crew.

The Oliver Broncos, winners of the Owens league also placed 3 on the All-Star string with the Skippers and Bel Aires landing 2 apiece.
