# NATION-WIDE Fire Prevention

Commemorating the Great Chicago Fire, started on Oct. 9, 1871 supposedly by one Mrs. O'Leary's cow who kicked over a lamp in a cowshed, President Roosevelt has dosignated the wook of Oct. 3-9 as Fire Prevention Wook. States E. D. Mauser, fire protection officer, in regard to the WRA observence of the week in Rivors:

"Evory effort will be made to romovo all fire hazards and to further strongthon the fire provention programs in order that we may profit from this week throughout the ontire your. Gila is proud of its low record of fire losses, but the record cannot be relied upon as a safeguard in the future. The implication of a fire prevention week is to extend the responsibility from Fire Provention bureaus to every individual. For that week, every member is an inspector. (continued on page 2)

# BUTTE COUNCIL SWORN IN; TEMPORARY OFFICERS SERVE

# JOB RESPONSE DISCOURAGING

The response to the memos sent out to all porsons known to be unemployed to find out thoir job proferences is very discouraging, said Thomas Reynolds, placement officor.

Not more than 50% of the porsons contacted have taken the trouble to report to the office. "This hampers us at the office because we don't know the size or the general makeof the labor pool that up wo will be able to draw up," he said.

Those who do not report will be assumed to be unwilling to work and will eventually be placed in the unavailable files.

of the The purpose calls is to make a list of the workers and determine the type of workers availablo, he concluded.

# Thirty & permanent coun-

cilmen of Butte were sworn into office by Project Director Leroy H. Bennett, 1:30 yesterday afternoon, at the first meeting of the community council.

Harry Miyake. formor central block manager, was elected temporary chairman and Verlin Yamamoto was appointed temporary secrotary to sorvo until pormoment officers are electod.

Permanent officers of the community council probably will be elected next Monday afternoon at 1:30 when the council holds its next regular meeting at the central block manager's office.

# SEGREGATION HEARINGS CONTINUE Combined hearings

segregation and 1 e a v e : clearance are being continued, states Hugo Wolter.

All persons in the following groups are being notified individually to appear for hearings:

1. Those who applied for change from no to yes on question 28 prior to July 16.

2. Those who wore placed in group three by scgregation boards.

3. Those who doclinod repatriation or expatria-

4. Those who have been educated in Japan and roturned since 1935.

5. Those on the 'stop' bocauso of FBI, ONI, or AMI roports.

6. Paroleos from intom-

mont camps.

7. Those who by words or actions have indicated loyalty to Japan or disloyalty to the United States at any timo accord. ing to the Internal Socurity or other information at the conter.

FIRST NISEI UNIT ENTERS SALERNO COMBAT ZONE

ican-born Japanese troops to onter the overseas combat zone wont into action in the mountains above the Gulf of Salerno today -- and overy one of thom was smiling, according to A.P.

Their smiles brought expressions of blank amazoment from veterans and officers accustomed to scoing mon enter combat with tense, drawn faces. Those troops acted like they were going to a baseball game.

Tho unit was recruited from Hawaii and most of its officers are regular Army mon who served there. They have taken for their motto, "Remember Pearl Harbor."

"They're really anxious

The first unit of Amer- to get into action," their commander said. "I've boon with them sinco this outfit was organized and I wouldn't trade my command for any other in the Army.

"Thoy feel they'vo got. a chance to prove they're real Americans and demonstrate their loyalty.

"The average stature of the whole unit is only five-feet-four, but the officers have said they (continued on page 4)

JOINT MEET FOR Y 'PHALANX'

Joint moeting of mon's club and "Phalanx" will be held tomorrow, Oct. 6, at 7:45 p.m. at the CAS office, rec. 51. Gues't speaker will be Top Ishimaro.

# ON "FREE PRESS"

This is newspaper week. Its theme is free press.
The American newspapers will, by and large, reflect

on the past year and coin protty phrases.

Well, they will be right. In this world of relativity, the American press is far ahead of any press in the world except perhaps, the British, for the right to say what it wishes.

But if the newspapers are smugly complacent in their self-appraisal, they will be open to attack.

In this country are papers representing almost all strata of society and political ideology. Each of them jealously protects its right to say what it will. But each has an editorial policy, and the news carried is attuned to that policy in almost every case. Very few papers have the courage and straight forwardness print all the news. Thus, each is in itself, a denial of free press. However, in the total picture of the the diverse American press, the vaunted freedom begins to show itself.

But the greatest defect in the American system is that an overwhelming majority of papers, particularly those with large circulation, are owned or controlled by vested interests. What is good for the vested interests, therefore, becomes good for them, regardless

of the welfare of the majority of the people.

So the evacuous get a pasting on the Coast where the pressure groups want to get rid of evacuous ingenuity and willingness to work once and for all. So the picture of a private enterprise is built up all out of proportion to the rightful place it should occupy in the American society. So the Southern pressedings to the color line.

Until the American newspapers gain the courage to tell the whole truth and interpret news in the light of the good to the American people as a whole, it can never be smugly complacent about a "free press."

# FIRE PREVENTION WEEK

(continued from page 1) noting and helping to remove a n y fire hazard. Familiarize yourself with the location of extinguishers, both at home and at work. Locate the nearest telephone from your home and work that you may quickly report a fire. The buildings are highly inflammable, and should a

(continued from page 1) large fire occur, it could noting and helping to remove a n y fire hazard. The hazard able damage and loss. Refamiliarize yourself with moving our fire hazards the location of extination and constant vigilonce is guishers, both at home and our only safeguard.

Of the ten relocation centers, Rivers is the holder of the second lowest fire record. Since the opening of this pro-(centinued on page 5)

#### TRAGEDY

# Americans Go To Tule

Youth, in general, are an unreasoning lot. Else, how could the incongruities of the Saturday morning that we witnessed the departure of nearly 500 to Tule lake be explained?

They were people who were bound for the segregation center presumably because of their disloyalty. Thus for most, perhaps, their eventual destination is Japan. One would assume that their cultural ties were with Japan.

Yet all the misoi girls, 15 to 25 years of age, have Western hair-dos. Some have painted finger-nails; all have a touch of red at the lips. Why is it that a youngster of eight wears a suit with an insignia of an U. S. Navy pet ty officer on his slooves?

A group of follows and girls thrill at the thought that they would pass up the San Joaquin route. Maybe they will see their own home again; maybe the assembly center from whence they came.

And they reminisce of home.

Four girls, furiously chewing gum, discuss their favorite movie actors. We remember mention of Robert Taylor. One girl staunchly defending him; another very critical. The 1r clothes, red slacks, gay colors, etc. have a definitely Hellywood influence.

There are those who are silent and apart from others. Each of them is a picture of indescribeble loneliness.

Gay or depressed, they are almost all following their parents to the segregation center.

We feel that the greatest tragedy is here among the young nisel. What avail their American slang, their love of Frank Tsinetra, their memories of a California home, where they go? They are misfits in any seciety other than of the nisel American.

OOLFERS --Mooting for interestod golders, Thursday,
8 p.m. at CAS office 51.

# HILLA OR GILA, GILA IS Urgent Call STILL GILA TO SLEATH

chief medical officer, told us this one. Back in August when he was working in the Washington office; received an order to rush over to Manzanar to holp relieve the critical shortage of doctors there. A train was deemed to be too slow, and so despite the fact that the day was Friday the thirteenth, he boarded a plane and flew for the first time in his life.

As luck would have it, he took the southern route which went through Texas and Arizona and carried him over the Canal camp.

Dr. Jack Sleath, acting It was a beautiful night, and when he realized that he was directly over project, he looked down. To his surpriso, he found that the street lights in Butto spelled out the word I-111/-As he thundered on past the project, he threw one last backward glance at the camp and this time the lights had mysteriously rearranged themselves into a giant "G".

> Said Dr. Sleath, may have been that my imagination was working overtime, but no matter which way I looked at it, this center was still Gila."

#### THIRD WAR LOAN DRIVE IN CANAL GOES INTO FULL SWING

The War Bond Drive Canal, sponsored by the Community Council, went into full swing yesterday with the cooperation of all block managers, an-nounced co-chairmen Shig Nakagaki and Ben Iida.

With the whole nation bond-conscious and investing their dollars to victory, the Canal residents are urged to do their share.

Bonds may be purchased at block managor's office by filling cut an application, or by going directly to the postoffice.

# First Gila Group Reaches lule

Gila's first train bearing 498 segregants reached Tule Lake 9:30 Sunday morning after a two-day two-night ride.

Earl H.Goodman, WRA reprosontative on the train, wired on safe arrival, stating that overything was "okay all the way."

The third trainload of segregants that left Casa Grande Sunday morning, brought to 1447 the number of Gilans that have reached Tule Lake or are on the way.

Dr. Gordon Brown accompanied the third as WRA representative, and John C. Wollos, wont with tho second trainload.

OPA NOTES

Work on the OPA project in camp is expected to be cleared up by the end of this week, announced William Huso, employment supervisor.

However, mo.re workers are needed for either day or night work.

COTTON PICKING GOING WELL

The picking of Rivers' 40 acres of cotton is progressing satisfactorily, announced Dave Rogers, farm superintendant. "However." said Rogers, "should fall behind on our Lercy Bennett schedule, has arranged for everyone on the administrative office staff to take a day off and pick cotton. Harold Koadle has been eaked to fix everyone with an appetizing lunch if the necessity should arise."

Corn will soon be horvested. While the ears will be distributed to the messhalls, the stalks will be deposited in trench silos for dairy cattle feed.

chicken were delivered Wednesday bringing the total on the project up to 6,000. 2,500 more expected this Wednesaro day. Said Rogors, "Our hens should begin to lay eggs in about a month."

# Sent For Milkers

About ten more milkers are needed urgently to milk the 110 cows recently purchased by the farm. Mon or womon, preferably middle-aged, may apply for this job.

With the acute national and local milk shortago, the milk that is produced on the Rivers form may moon the difference between an ample or barely adequate supply of milk for the children on the project.

### SEGREGATION WOLTER PRAISES OOPERATION

Hugo Wolter, community management head, who has charge of the segregation movement, expresses appreciation for the excellent cooperation of all members of the staff, both evacuee. and appointed.

Says Wolter:

"Although the spectacular work done on the mornings of departure is most exciting, there lies behind this smooth operation large amount of work , done by the housing crew, welfare crew, evacuee proporty crew, community analysis crew, and members of each of the above-assigned to work out the sogregation movement. My appreciation; also to moss operation, hospital and health sections, block managers, transportation, and monitors and captains of each train.

"In the expression of Captain Largo, Army trans-portation head 'We're not worrying about the train organizations of Gila River. It is only through cooperation of everyone that the segregation plan from beginning to end is going along without a ny difficulty'."

#### Vital Statistics DEATHS

Sept. 30-Fukujiro Yamamoto, 48-6-A.

Sept. 30 - Toichiro Kawai, 59-13-D.

BIRTH Sopt. 29-To Mrs. Mitsuo Mito, 7-8-D, a girl.

#### MEETING -

Regular meeting of .oxservicemen will be held 8 o'clock tonight ct 42-2-B. All members of both camps are asked to attend.

#### OPEN TYPING

On a solf-teaching basis, the typing room, 43-3-4, will be open for class from 7 - 9 p.m. on Tuesdays and Thursdays.

URGENT **Workers Needed** 

For 170 Jobs Wanted urgently 1...18 firemen, 12 for warehouse, 5 in model ship, 40 farm workers... Altogether, there are 170 jobs open in all types of work, according to Tom Reynolds, placement officer.

After segregation is completed, a careful checkup will be made which may reveal as many as 370 omployment vacancios. Mon who are not working at present are ospecially urged to contact the Butte omploy-ment office for jobs suitable to themselves.

Nisei Topflight

SAY ARMY LEADERS
Army loaders praise
nisoi soldiors of Shelby as top flight mon' with a topflight cause, says an article by Elliott Chase in the Orogonian.

Colonel James M. Handley, battalion commander, expresses the concensus among white officers who work with the combat team. He says:

"I'll take these men into battle without hesitation whom the time comes, They're topflight soldiers with a topflight cause, and most of thom are honestly worried there won't bo enought. war to go around

ReviewPostponed

been postponed until next Tuo sdcy, Oct. 12. All Boy Scouts advancing in rank and are applying for merit badgos, are asked to be prosent at this time. All advancement cards and morit bad go application blanks should be turned in to Tom Yammacto, 64-4-D, by Saturday, Oct. 9.

#### MCSPARREN LEAVES FOR PASADENA

Dr. Josoph L. McSparren who arrived in Rivers Thursday night, loft for Pasadena Saturday afterneen to take his annual leave before assuring his dutios as chief medical officer.

He is expected back on the project by the 12th.

FIRST NISEI IN SALERNO

(continued from page 1) can outmarch and outwork most ordinary troops."

Actually, he said, the men would rather be in the Pacific fighting the Japaneso than the Germans, "but we're saving that for later."

The officers are unanimously onthusiastic about tho quality and spirit of the men. They said they never had seen any troops train harder and more assiduously and nover had any doubt as to what to expect from them in combat.

They were ashere in Italy only one day and had just finished organizing their encomposet when a Gorman prisoner was brought past the site. He gaped with surprise whom he saw thoir faces and asked if they were Americans of Japancse parentage.

Tho Gorman shock his head in wonder and said:

"Ach! That's American." (Ed. note: The :unit mentioned above is believed to be the 100th infantry.)

BUTTE GR:

PFICERS CHOSEN

Nowly-elected Butto Girl Roservos inter-Club council chose Masako Higa as its chairman at a recent mooting.

Other officers chosen are, vice - chairman-J o a n Otani, and socrotary-treasuror-Tats Matsushita.

ACCIETE STATE OF CLASSIFIED ADS porson formerly from Fresno or Turlock who is willing to soll a tractor is asked to contact Tormy Butsumyo, 24-4-D.

WINTED. A complete set of mochanic's tools. Will pay top price. Write to K. Shimizu, 918 Wost Fullerten ive., Chicago, Ill.

FOR SALE. A cool or made by the Canal Plumber Shop exerts. Interested persons are asked to contect the Plumber Shep.

FOUND. Ton dollars in currency which is being held at the Conal fish markot. Losor, call for it at once.

#### COMING -

## HORSEHIDERS SET FOR THUNDERBIRDS SERIES SUNDAY

Although no dofinite word has yet been given, it was reiterated that the Phoenix "Thunderbirds" will compete here Sunday.

Some financial agreement still remains to be ironed out, said Butte Baseball Czar Ken Zonimura.

2CAC Baseball Commission Chairman Harry Kone disclosed yesterday that a reply to a letter to "Thunderbirds'" manager Otto Welff about arrangements is expected today.

Until these games, to be played in both Butte and C a n a l, come, 2CAC horsehiders will most probably lay off competition. At this writing, no practice games, exhibition in ter-camp or otherwise, have been arranged.

The scheduled Butte pick - up All-Stars versus a combined Cards-Vikings tilt of last Sunday afternoon was called off "due to transportation difficulties."

## GRID LOOP FOR 16 AND UNDER TO BE FORMED

Butte's CAS Athletics Department will see to it that boys up to the ages of 16, too young to compete in men's football, have grid circuits of their own, it was said yesterday.

As in men's football, the forming of the type of league, whether six or eleven man, is yet to be decided.

Two leagues -- one a "Southwestern League" for those of ages under 15 and another, a "Northwestern League" for those between 14 to 16, will be formed.

Prospective manages are requested to turn in (not a roster list) the number on their team and what kind of ball they would like to play.

The 14-16 loop may be a tackle football league if the participants want it.

Boys under 15 may compote in the "Southwestern", and 1f they are between 14-16, they may compete in the "Northwestern League."

# Butte Pigskin Leagues Slated To Begin Latter Part Of Month TEAMS TO HAVE CHOICE OF SIX OR ELEVEN MAN GRID CIRCUITS

With autumn alroady hero, Butte's grid-minded, braving the aftermaths of segregation and its week, are expected to launch a pigskin league or leagues, announced Men's CAS Athletics Director Horse Incure yesterday.

The type of circuit to be formed is held still in

doubt.

All persons acting as managers of any groups wishing to enter are asked to submit as seen as possible: (1) name and number of prospective players on the team, and (2) the kind of ball they would like to play--six or eleven man.

The above is not a call for official entries. A meeting is expected to be called later.

# INFANTRY REGIMENT SHELBY CHAMPIONS TAKES IST AND 2ND HALF TITLE

CAMPSHELBY-First-half-winning Japanese American Combat Team Infantry Regiment nine, paced by the hurling of Matsuo (Lefty) Higuchi, sewed up Non-Divisional Horsehide League's Championship recently by taking the second half title also.

The 22-year-old Higuchi who did most of the chucking for the champions of the post's strongest League, has been pitching since high school days in Honolulu. He has tossed quite a number of one and two-hitters but never a no-hitter, the dream of all pitchers.

He faced the champions --collegiate and otherwise -- of the Philippines, Manchukuo and Japan in the Far Eastern Baseball Championship Tournament of 1940 held in Tokyo. In the same summer as a member of the Wanderers, an all-star Hawaiian squad, he was voted one of the better players in a tournament held in Havana, Cuba ropresenting the national Amateur champions of the United States and South and Central America.

There remains three possible types of ball to be played--ll or six-man football (tackle), or six-man touch tackle.

If either tackle or touch football is played six-man, there is expected to be two leagues but if eleven-man ball is played, there will most probably be only one circuit of an estimated five or six sounds.

It is expected to be started by the latter part of this month.

Community Activities Section Head John C. Wollos, away from the Project at this writing, may arrange to secure some equipment for tackle football; pessibly two or a couple sets. There is a possibility of securing these from a school which has disbanded football.

After the respective managers have turned in their wish on the kind of ball they would like to play, such areas such as lot 53 will be transformed into regulation or six-man gridirons. Goal posts are hoped to be cemented in.

Incuye, himself an allstar blocking half from Santa Maria J.C., speaking on his own part, said he thought that managers were helding back, waiting to see what the other fellow does.

He said he believes six-man touch, judging from the competition of last season, couldn't be called "sissy." From the recreational point, six-man ball, whether touch or tackle, if played fast, is interesting.

Eleven-man ball can get dull at times if the teams have no system or training and the league will have z shorter schedule with fewer teams. It can be interesting if properly played however.

At any rate, the type of ball to be played will be up to the participants.

0CT.610.60

COLORADO, Denver. Chikashi and Asa Tanaka.

# TO GO OCT

OHIO, University Heights. Fusaye Kasamatsu.

Kwan-bun, under K. Takemoto, will again be resumed on Oct. 11. Furthor details will bo announced later.

## CANAL Carnival Slated Good Fire Record For Oct. 9-10

To raise money for the school annual, the Canal. publication staff high will sponsor a carnival Oct. 9 and 10 in mess hall 13 from 1-5 peme on Saturday, and 1-5 p.m. and 7-11 peme on Sundaye

The proceeds will be used to lower the cost of the annual to the students.

Everyone is urged to come and have fun and cat the good food while helping the school at the same. time.

# Kawada Wake Services Held

Succimbing after a long illness, death came to Hideji Kawada of 24-11-D. Wake sorvices were held Monday at 7 p.m. at the homo of the deceased, funeral services were hold at 2 p.m. today at the Canal Christian Church.

The aggrieved are Tsuneko, wife and two daughters, Mrs. Henry Nishida and Alyce. Mrs. Nishida arrived in Canal Monday from Joliet, Illinois.

# Gila Holds A

(continued from page 2 ) ject, there have been only about 15 fires, causing less than \$50 in damage. In both Butte and Canal, three crews of nine men each are maintained, works ing on 24 hours shift. The staff is headed by three Caucasians, Chief Mauser and Abe Watson, associate fire protection officer of Butte, and W.C. Birdewell, also associate fire protection officer, of Canal. Zuko Tanaka and Howard Yamada are evacuee fire chiefs in Butte and Canal, respectively. Two fully-equipped fire trucks one as reserve, is used in Butte, and one in Canal.

# REGISTRATION PEN ALL WEEK

Throo classes for nursost aidos aro now boing conducted daily, two in Butte and one in Canal, announced Chief Nurse Augusta Peters.

All girls who are interested in the classes will be accepted if they register this week.

# AXIS PROPAGANDISTS EXPLOIT U.S. RACIAL DISCRIMINATION

German and Japanose propagandists are exploiting in their subject nations, racial discrimination and unrost in Amorica, according to testimony heard by the President's Fair Employment Practices Committee recently.

Commenting on Axis short-wave broadcasts, Clydo E. Millor of the Institute of Propaganda Analysis said that "one of the strongest weapons in hands of Hitlor-end Amorican propagandists consciously or unconsciously are following the Hitler pattern-was the ex ploitation of what anthropologists call the myth of racial superiority."

In the Far East, cording to Miller, the Japanese unremittingly direct their broadcast to hundreds of millions of colored Asiatics, alleging despite President Roosevelt's statement that the war is one for human

freedom, the contrary the fact, because of diserimination by white Amoricans against colored pooplo, not nocossarily nogroes, but including porsons of Indian, Chinoso, Japanose and other ancostry.

New Books In Butte Library

Breathtaking story of a woman who operated an undorground in Franco, "Paris Undorground," by Etta Shibor, is now available in the Butto community rental library.

Also a new addition, book with over 150 separate contributions written by 52 outstanding musical figures, "The Music Lo-ver's Handbook," edited by Elie Seigmeister, is a book for music lovers. Contributors includo Dmitri Shostakovich, Dooms Taylor, Igor Scravinsky, Benny Goodman, otc.
