WORK ON SCIENCE BUILDING STARTED

Construction work on the high school science located west building of the shop building in the high school plaza began last week, it was reported today by Henry R. Watson, senior engineer.

The building which is 184 x 50 feet will house physics, chemistry, and home economics departments of the high school. It is expected to be completed before the beginning of the fall term.

WILL REPORT ON APRIL 13 FORT DOUGLAS

Of the 176 Topaz youths listed to be processed for the armed forces since Feb. 26, 130 will report from this center to Fort Douglas on April 13 for their preinduction physical examinations, according to the selective, service committoe. Most of the others have relocated, it was indicated.

"Due to the difficulty in communicating with some of the nisei, especially those who have left camps, it was believed advisable to place at least some of them in the enlisted reserve corps in order that fairly large units can be called at one time," according to the War Department.

"In the case of nisci in the centers it is not believed to be likely that many, if any, of the men will be placed in the reserve corps. Even in those instances when they are placed in the reserves arter induction, the delay in starting his training will be comparatively brief."

The War Department revealed regarding procedure personal for storage of property of inducted bachelor nisei that the "WRA cen assume no responsibility but can provide storage space if another evacuee is dolegated as responsiblo person."

THE NISEI WILL RISE AGAIN

Next week our first draftees will be inducted into the United States Army. They will join the 123 nisei soldiers who volunteered from this camp for combat duty last year and the 10,000 other American Japanese who are now engaged in the fight against imperialistic fascists.

We are sure these young men will keep up the excellent record of their predecessors who are fighting so bravely in the various fronts, including Cassino and the South Pacific.

These draftees who have been tested ad nauseam concerning their loyalty to the United States are going out to prove beyond a doubt that they still have faith in democracy.

True they have suffered from discrimination and intolerance, nevertheless, these nisei draftees are going to rise above all such pettiness to join in the greater and more important pattle against the common foe.

Just as our Saviour, 1944 years ago, arose from his grave, so are the nisci going to rise out of the barbed wire enclosure which is the relocation center to be reborn as free men in a free country to fight for freedom and a just peace.

"The Boston nisei are certainly making good," says Roger F. Clapp, New England area supervisor. "I have always been very pleased with the way they have handled themselves but when I saw for here, the first time, the wonderful new friends they have made in the short time they have been here, I felt indeed proud of them."

Boston's Pioneer Hotel, March 25, was the scene of a "Thank You" dinner by the Greater Boston nisei group to the Boston Hospitality Committee. Nearly a hundred guests, each invited by a relocatee, taxed the capacity of the banquet hall.

The event was sparkplugged by chairman George Sakai, formerly of Tanforan, and his Boston nisei committee. Among ex-Towaz residents who participated were Moss Ashizawa, Pill Hata, both in charge of entertainment; and Eva Takahashi, vocal soloist.
