MISS HIROSE GOES ALIEN LAND LAW TO CALIF. TO FILL ISSUE DROPPED STANFORD JOB

Miss Motoko Hirose, 6-12-E, left the center yesterday for Palo Alto, California, where she will be employed under civil service as a drill master in Japanese language at the Stanford University Civilian Affairs School. She is the first applicant to be cleared by the Western Defense Command to accept this position on the Pacific Coast.

According to the relocation office 5 other applicants who have been accepted by Stanford University are awaiting clearance from the Western Defense Command for returning to the coast.

CARRIER MOVES TO MOTOR POOL

Carrier service may be obtained by phoning 38. Reservations for carrier service to Delta should be made at Gatchouse #4.

WANTED: The Topaz Times is badly in need of an experienced reporter or editor to replace members who are relocating soon.

Failure of the Japanese Exclusion Association to get on the November ballot an initiative measure broadening and putting teeth into the State's alien land law has brought criticism of those loud in their denunciation of Japanese aliens and citizens for failure to give their financial support to the move.

The measure, intended to make it economically impossible for persons of Japanese descent to earn a living here after the war, failed, it was revealed by the office of Secretary of State Frank M. Jordan at Sacramento, because of insufficient signatures to petitions.

Petitions filed bore 77,875 names--100,000 short of the number required to insure a vote on the measure this year.

31 % OF RESIDENTS HAVE RELOCATED

Topaz with 31% ranks third with the other centers on the percentage of indefinite leaves as of August 26, according to Emil Sekerak, relocation office manager.

The percentage of the other centers is as follows: Minidoka, 32.5%; Rohwer, 31.1%; Granada, 30.1%; Poston, 28.7%; Gila, 28.7%; and Manzanar 23.6%.

\$500 LB LIMIT BUSINESS PROPERTY SHIPPING CLEARED

OCHIKUBO RETURNS FROM CALIFORNIA

Dr. George Ochikubo, former chairman of the council, who is plaintiff in the ACLU injunction suit which tests the right of Japanese Americans to return to the Pacific Coast, returned here Thursday night from Los Angeles, California, where his case was heard earlier this week.

Dr. Ochikubo stated that his case will probably be decided about September 25.

He is expected to discuss his case before the council members Monday.

REPRINT EDITORIAL LAUDS NISEI SOLDIERS

As a tribute to the faithful US soldiers of Japanese ancestry, an editorial which appeared in the New York Times of September 2 entitled "Not in Blood" was placed in the Congressional Record of September 6.

The suggestion for recording the editorial came from Representative Anthony J. Dimond of Alaska, who stated, "It is refreshing to note that not only the military authorities but people in civil life are paying justly deserved tribute to our citizens of Japanese ancestry who have served and are serving so faithfully, and in notable instances so heroically, on foreign battlefields."

After naming some of the nisei soldiers who have been commended or decorated with Purple Hearts, and telling of the various fronts in which they serve, the editorial declared, "What this proves is a fact: encouraging for Japanese Americans, for the country of which they are citizens and for the long prospect ahead. There is nothing in the Japanese blood, or in any racial blood, that makes men ignorant and brutal. Education and environment turn the scales one way or the other. A whole generation in Japan and Germany has gone to waste and worse than waste."

"Under decent governments, in a decent society in a decently organized world, the coming generations may be reclaimed. The war must be won by destruction, but the peace will be kept only by education."

FILLMORE V.S. TOPAZ TEN CLASH SLATED TONIGHT

Once defeated by the local ten, the Fillmore All-Stars will cross bats with the powerful Topaz contingent in a return match here tonight at field 30 starting at 6 o'clock.

Fillmore suffered a 35 to 8 defeat in the initial encounter on their home diamond last week.

With the superb pitching of speed baller Sus Ota, and the steady playing of Captain Ted Iida and his squad, the local team should have no trouble in repeating their last week's performance.

27 FAMILIES RELOCATE IN AUG.

During the month of August, the largest number of families left the center since the beginning of the relocation program, Sekerak stated.

Twenty-seven families, many which included school age children, relocated. This sharp increase in family relocation is probably due to the fact that the families wanted to re-settle before the fall school semester began outside, Sekerak said.

FARM LIVESTOCK SUPPLIES ALL CENTER NEEDS

The farm livestock program is now supplying practically all of the carcass meat needs of Topaz, it is reported by the agriculture section.

Beef cattle and hogs raised for on the project are sent to Fillmore for slaughtering. The meat is then brought to the commissary where it is weighed and tallied in by the head butcher and the commissary chief tally-in clerk.

Depending on the menu, about one pound of meat for three persons is distributed to the various mess halls.

"While packing houses and butcher shops handling large quantities of meat allow for a three per cent shrinkage we do not provide for shrinkage, but tally in the full weight," said Brandon Watson, chief project steward. "In this way, every pound of meat is accounted for from the time it leaves the project for the slaughter house until it is delivered."

2-DAY HARVEST FESTIVAL CLIMAXES YEAR'S EFFORT

By W. P. Palmer,
Agricultural chief

The Topaz Harvest Festival, September 30 and October 1, provides an accumulative occasion when a past year's efforts may be

reviewed and brought to a climax.

Fairs, exhibitions, and contests have led progress all over the world and practically every community and county in the United States holds such an annual event.

Fairs are farm and home product contests, but everyone usually partakes in them because agriculture is fundamental to all people.

What could be more complementary to Topaz community during times like the present than to have helped produce approximately \$250,000 worth of farm products for its own consumption. This is the amount that farm production will total for this year.

Our handicaps are many compared with some of the best sections in the country, but there are few areas where all factors are favorable. We are producing livestock upon a level equal perhaps to any place. Our crops are affected by our short season, extremes in temperature, and poor soil conditions but several are equivalent to usual production in the best outside places.

A fair is normally not only a contest but also a gala occasion when everybody gets together to have fun and see entertainment.

The fair is being backed by the city council, block managers, the Co-op, the schools, and every branch of WRA at Topaz.

RESIDENTS URGED TO SUBMIT HANDICRAFT

The Topaz Harvest Festival Board is calling all homemakers to submit entries for such exhibits of homecraft as sewing, tailoring, foods, art, canning, knitting, crocheting, tatting, embroidery, etc.

Judging will be done by Miss Frances Gormley, Millard County Home Demonstration Agent, and other qualified invited guests.

FAIR MAIN ATTRACTION TO BE A RODEO

Including a rodeo, shows, and a variety of contests and activities, the festival program will be filled with events for all, according to the fair board.

One of the main attractions of the fair entertainment will be a rodeo. Alden Adams of the agricultural section is working in bringing some of the Madison Square Garden performers for the event.

Floor shows under GAS management and a Japanese program for the issai are also being prepared. Horse shoe pitching and greased pig contests are being considered by the entertainment committee.

Such refreshments as hot dogs, ice cream, udon and osushi will be sold at the fair.

Community Effort Praised

When I view the results of the fine effort which the residents of Topaz have put into the raising of farm crops and their attractive gardens among the apartment buildings within the center, I am filled with pride.

There is no finer spirit of community effort expressed than is found in the competitive display at fairs on the outside. I am sure the same fine spirit will be displayed in Topaz by the presentation of the Harvest Festival.

The festival will permit competitive displays among those who have been acting in producing farm crops, and will also offer displays of our livestock, which include cattle, hogs, and poultry, and handicraft work of various types. These will be displayed in such a way that every resident of Topaz will have an opportunity to view and compare the various exhibits and thus have a better understanding of the splendid effort that is put into their production.

We are all looking forward to this Harvest Festival as an event of real importance to Topaz—one in which all resident evacuees and staff will share together the fruits of our combined efforts to make this the best possible place to live while we're here.

たまきはる命にかけますつゝこの國を守護すかたふとし
 高松の暮夏の陽射しに咬さすけし松葉牡丹の色のいとしさ
 わが顔に月照りたりうつにも夜半を眠れぬとほろろをさき
 空高く収容所に月夜は次なるなり同胞の心雲りてあるに
 軒越へて高くも咲ける日向葵の葉に陰に慙ふ夏の日暮り
 兵を待つ親の心は怯中なり 相ひあまう悲しき知れせ
 出征の寂さも別れさあと子にあわれ悲報のときさするや
 大勢降りの家族出所して静けさ 宵をこほろろへ鳴く
 義経重し人子なれど國のため吾子の征く日の迫り来にけり
 鳴きつてきたるのけねとほろろ一人長と祈りば 何れ淋しき
 人生の大なる記録を吾れにめつかる世相を耐えて過ごせむ
 ひたすらに心をこめて詠む歌の語句の誤り笑ふべからず
 見ず聞かず語らず我れうこの頃を書を讀めて春を知らず佐藤貞藏
 苦しみと淋しに侵入ししか夫は何が要見し微笑せてあり
 衰へし面を照らす射痕あはれ 階閣のなごき痛まし
 やまがすの世相をよそに今宵は金踊りの音頭きとせう
 いと小さき者の祈りも天上の父にこむと祈りつゝたつし
 刻のよき碑とならむ手に觸れて拾ひしを銘かみ我が見つ
 黒煙の色のよろしと刻りあげて碑と愛をこめりまう石
 早速むる繪具糸目にのわもすを吾子はそと離れさりけり
 野をのめトバ入の風にさそはれて下路つ枝をわたりけり
 泣れゆく友を後に最後まで戦ひしとふ武夫あはれ
 愛國の秋に似し人もしもあるに祈らむわが頼かる
