## State Department Clarifies Citizenship Renunciation Statute

In answer to three questions from the Spanish Embassy, on the recently enacted Federal Statute which provides for the loss of U.S. citizenship by persons making formal renunciation of such citizenship while in the U.S., the State Department has issued the following memorandum:

"The Spanish Embassy asks to be advised whether or not the statute covers all Nisei who assert loyalty to the Emperor of Japan and their desire to renounce American citizenship no matter in what camp they are located, or whether it is restricted to residents of the Tule Lake segregation center. The statute is general. (Cont. on Unit I page)

## Issei Eligible for Tooele Ordnance Jobs

Any Issei who is a family man, and is cleared by Provost Marshal General's office will be accepted for employment by the Tooele Ordnance Depot, according to a teletype dated Sept. 22, received by the relocation office from Salt Lake City.

Aliens will be expected to complete PMGO form No. 301 rather than the Citizen-S PQ Form 58, according to the teletype. However, aliens will not have to answer affirmatively or negatively question No. 21 which is: "Is alien willing to bear arms for the United States." This question should simply be checked and if other factors are satisfactory the evacuee will in all probability be accepted.

## LETTER TO THE PEOPLE

CO-OP IS PROPER. OF LESS THAN 5,000 MEMBERS; RUNCORN IS ONLY ADVISOR

Dear Co-op Members:

I should like to correct the erroneous impression that I or any other government official can be the head of the Poston Cooperative Enterprises, Inc. The Enterprises in Poston, as in all of the other centers, are the property of the members. These members--nearly 5,000 of them--joined for only one dollar here, but because of the monopoly condition and the limited cash wages with food and shelter provided by Uncle Sam, the actual ownership of the members is now almost \$150,000.

This large sum is the property of less than 5,000 members. Most of it is invested in goods and equipment in the numerous stores and shops. What shall happen to this investment depends upon the intelligent participation of the members. They elect a board of directors to determine broad general policies, then the board chooses a general manager to run the business for the consumer members. He is the head of the Poston Cooperative Enterprises, Inc.

As a traveling supervisor for the WRA, it is my duty to give you advice, but without the earnest cooperation of YOU members, neither the board of directors and the general manager, nor I can do a very good job for YOU. My best suggestion is: Get interested in your cooperative business!

Sincerely yours,  
/s/ Earl Runcorn,  
Auditor-Supervisor

## RECORDS ABOUT JAPANESE AMERICAN SOLDIERS HERE

Two record transcriptions containing excerpts, from national network radio programs, about the loyalty and fighting qualities of Japanese American soldiers are now available for use in the center, according to Pauline Bates Brown, reports officer.

One record is part of a March of Time broadcast, Aug. 17, in which the commanding officer of the 100th Battalion describes the combat performance of his Japanese American countrymen. The second is the transcription of a Vox Pop broadcast, Aug. 22, during which a Caucasian officer who fought with Nisei in Burma praises them as soldiers and protests discrimination against them or other loyal Japanese Americans.

Groups wishing to make use of these transcriptions in their meetings are asked to contact the Reports Office, Ad. 3, Rm. 32.

## CLEVELAND BOYS

You see, the dances out in Cleveland are monopolized mostly by boys and girls from other centers and the Poston boys seem to be left out. Especially when the boys want to get dates, it is very hard for them because there is no one they know. So, they urge more Poston girls to come out to Cleveland.

Through you, I wish to take this opportunity of extending my warmest appreciation to the residents of Unit III for the wonderful support that they have extended me in the past and for the privileges extended me in serving in the capacity of recently vacated.

My only regret is that, due to one reason or other, I was unable to serve you better and more. However, I assure you that I have done my utmost.

and evacuee department heads and presented to Deputy Project Director Morris Burge:

Dear Sir:

It is our understanding that Gerald Wumino, administrator of our Unit (III) is contemplating relocation and that he expects to depart in the near future.

Therefore, we have taken upon ourselves to invoke your assistance of the entire administration, to prevail upon Mr. Wumino to remain on the project a while longer. We feel that his executive and administrative ability, as well as his untiring efforts in behalf of the community, have been largely responsible for the splendid record of maintenance and achievement which Unit III has continued to enjoy since the days of your administration.

We feel that Mr. Wumino's continued presence, as administrator, is necessary to carry out the program under execution with respect to the Poston Square Garden; and we further feel that his two year's experience in the administrative work is needed to help us maintain community morale and spirit of progress.

Wherefor, we respectfully request that you use every reasonable means and exhaust every possible resource at your command to the end that Mr. Gerald Wumino be persuaded to stay and help us continue the work, and for the people of the community of Unit III.

Respectfully yours,  
Executive Staff

Each case will receive separate consideration and an assertion of loyalty of the Emperor and of the desire to renounce United States citizenship will not be approved as a renunciation of citizenship without reference to the reasons for the assertion and to all of the facts in the particular case. No renunciation of citizenship will be effective until it is made in writing and approved by the Attorney General.
