## COLORADANS HELP BOOST NEW YORK PARCEL-FOR-SOLDIERS GIFT DONATION

Albert Einstein Among Donors; Urges Fight For Freedom Effort Of Niseis

New York City—Swelled by a \$265 check from contributors in Greeley, Colorado, and nearby communities, the Parcels-for-Soldiers drive exceeded the \$1000 goal. Kosha Togatawa, chairman, revealed recently.

The contribution came through the efforts of Nisa Sato, florist in Greeley.

## Deny San Jose Report Of Evacuees Returning

San Jose, Calif.—A WRA letter received by J. S. Hutchins, manager of the Republican county central committee, denied reports that Japanese civilians are being allowed to return to Santa Clara county or any other western districts according to the Mercury-Herald.

It is said that all authority to rescind the evacuation order belonged to the Army, and that it had not heard of any action by the war department for the return of Japanese. Hutchins said he had heard that six Japanese, all male civilians, had returned to this country, and said he would send a telegram to the war department about the reports.

## On The Other Hand

By Roy M. Takano

Whether the action of the people of Colorado in voting down amendment No. 3 is a prelude to a trend toward increasing tolerance throughout the country remains to be seen. The Rocky Mountain News editorial commented thus:

Colorado voters are to be congratulated for their wisdom and tolerance in rejecting amendment No. 3, as they did. That amendment, if adopted, would have forbidden aliens from owning land in Colorado, could readily have been a precedent for other and possibly more vicious prejudice legislation. On this basis it was rejected by a substantial majority. It is good to live in a state where sanity and humaneness can still extend the emotions of war.

## Return Engagement

Washington, D. C.—The Washington, D. C., Post, nisei singer, going twice to the White House, is happy again.

Sponsored by the Washington Committee for Americans of Japanese Ancestry, Inc., Miss Yoshino is touring the country with Dr. Thomas Yatani, who lectures on the future of the niseis.

**"SOON RETURN IN DROVES,"**

Sacramento—Assemblyman Chester F. Cannon, chairman of the assemblymen's committee on Japanese problems, issued a statement today saying:

"It is my opinion that the Japanese will return to California in droves this year."

He declared he had heard repeatedly that the Japs were coming back after November.

He received a telephone call last week from Cannon, "from a Sacramento woman to the effect her husband had received a blank form to be filled out by him on behalf of a Japanese farmer who is slated to return in the very near future. I asked her to wait while this office and others hurriedly checked to see what it would entail close her name. To date, however, it has not been received and I presume they were afraid to give the matter any publicity."

At the same time Cannon received a call from a woman who was a sixth well-organized group claiming for the return of American and alien-born Japanese to the Pacific Coast before the end of the war.

Gannon said word of the new organization called "Friends of the American Way," came to him through a letter from Pasadena and signed by Attorney Dill Nance of that city.

## Seven Guilty One Released By Court

Cheyenne, Wyo.—A United States district court jury Wednesday night found eight Japanese-Americans charged with conspiracy to aid and abet violation of the selective service act.

The jury, after deliberating six hours, returned a verdict of innocent for James M. Omura, former editor of the English section of the Rock Shimpo.

Convicted after more than a week of trial were Kiyoaki Okamoto, Paul T. Nakadate, Frank S. Eimi, Isamu Horino, Gunarto Kubota, Tsutomu Wakaye and Minoru Tamesa. Wakaye and Horino are serving three years in the federal prison at Leavenworth for conviction of failing to report for draft pre-induction examinations.
