

SINGSPIRATION TO BE A WEEKLY EVENT

With more than 150 young people in attendance the singspiration sponsored by the Young People's Church Committee held Friday night was a big opening success. The pep, old favorites and other medley used in the program were compiled by Miss Gladys Onoye who also acted as the pianist of the event.

Toru Asada, inspired song leader, led the group.

Aiding in the program were the Masamoris Frank, Rose and George who played hymnal selections on the tuba, clarinet and the trumpet. Vocal solos were presented by Tom Masamori and Mrs. Kenji Shikuma.

Kenzo Yoshida, chairman of the Young People's Church Committee, thanked the audience for their attendance and invited them to be present at the next "Sing", Friday night in Building 33.

"CIVIC CENTER" BEING BEAUTIFIED

The hustle of activity in the vicinity of the infirmary and the "Civic Center" is due to the crew of 25 men under Harry Shirachi who are helping to beautify the grounds with shrubberies and other plants.

This week's slogan:

"Spike those rumors"

What young man recently employed in the W. C. C. A. has left this beautiful estate and forgot his promise to kiss the girls goodbye in the Admin Bldg.? He leaves a trail of broken hearts. Shangri-La won't be the same without him.

What kitchen crew of boys wear the cutest aprons and who don them? See the boys in the Kitchen B before passing any judgment.

What popular medico insists on resigning his present position to take a more lucrative job offered by Doc Kita as bricklayer do him?

Pat Matsushita passed this one: If you want to see how Jimmy Hirokawa looked when he was in the early teenz, take a good look at George Kazuo Ikeeda.

Similarity in looks: Amy Abe and Mrs. Frank Sakata.

Music lovers were all ears to catch the lovely strains of "Ole Black Joe", "Dixie" "Aloha Oe" and other favorites when conductor Mrs. Chizu Iwanaga and company of brass, reed, string and percussion sections put their heads and noises together for the second session Saturday afternoon. A wider arrangement of music is anticipated and soon the grounds will be all agog when the orchestra makes its debut.

FIRE CHIEF URGES PRECAUTION

Chief Earl C. Pierson, of this Center, is urging everyone in the camp to be careful of fire hazards. "All the grass surrounding the fences are getting dry and particularly under the barracks."

He continued, "We must everyone be careful of carelessly throwing away their cigarette butts."

We are not

Discouragement, dissatisfaction and forlorn hope are to be felt when there is sudden change and pace in our normal existence. Many of us have left behind the fruits of years of hard labor and thoughtful planning.

Belief and faith in the ultimate success that is our heritage will help us through this adjustment period. We are not lost. Be strong.

We are 3000 strong with physical features that are alike. Does that make us think or do the things identically as the next person? Surely, we have a mind of our own.

For the majority of us this is perhaps the first time in our lives that every little thing we do benefits the entire community. No matter how insignificant or great your service, it is you, the person next to you and the next who shall reap the harvest of your endeavor.

Let's cooperate and be of service to all.
