SHHH! STOP RUMORS

4TH of JULY

Bang, bang, bang!! with firecrackers we celebrate the Fourth of July. We celebrate with parades, picnics and speeches. Why? It's Independence Day.

This Independence Day as as important as the first one. Then the young United States was fighting for her freedom. Now she is fighting to keep her independence.

This Fourth may be a quiet day, but nevertheless, everyone shall celebrate it in order to remember the meaning of independence.

CENTER PROGRAM FOR FOURTH OF JULY

The residents of the Center will observe the Fourth of July holiday starting on Friday, at 8 p.m. There will be a program at the grandstand with Haruo Ishimaru as the chairman.

On Saturday at 2 p.m. Joe Omachi, attorney from Stockton, will be the Master of Ceremonies for the Flag Raising Ceremony. This event will be held at Azevedo Field. (Playground)

By Emi Mori
Would you deliberately attempt to lower the morale of the Center residents? NO, indeed not! But many of you, although you are unconscious of it, are doing just that--simply by spreading rumors.

Rumors about our chances of being relocated are heard every day--each information differing from the preceding. Of course, we are aware, or should be aware, that this is a temporary assembly center, and we are also conscious that we, like the residents of some of the other centers, will be relocated.

When? No one--not even our Center Manager knows. Why, then, should the average resident know?

In times such as this one when all are uncertain of what the future holds for us, misleading statements are not only confusing but are also harmful.

So let's wait for official notice and STOP THAT RUMOR, shall we?

MORE BOYS FOR UNCLE SAM

Approximately 150 boys, between the ages of 18 to 20, marched to the Interior Security Building Tuesday to register for the fifth draft registration of the present war.

The present policy of the army is not to take men from assembly or relocation centers; although, this policy is subject to change at any time. This, however, should not have been held as an excuse for failing to register.

EXCHANGE

LETTER from AZEVEDO.....

Dear "Kids": I am taking my Parker streamliner in hand to write a general letter to all of you.

We wended our way homeward Tuesday slowly but surely. I being at the wheel of our Model A Ford which cannot go over forty miles an hour and twenty up-hills.

All of the way home, my thoughts were filled with the events of the past few weeks and especially, that swell party that you gave us. Events like that stand out as treasured moments in a lifetime and can never be forgotten. I hope that all of you had similar feelings.

A lot of funny things have happened since I left TAC. Wednesday eve, the naval branch of my wife's side of the family decided that we should have a dinner together in S. P. to send us off to the Army in ship shape. It was almost as good as your party, the only difference being the refreshments served.

I hope all of you are well and recreating. I am at my mother-in-law's, 6085 Roxany Road, Oakland getting ready for another induction party--I hope my draft board makes more mistakes. The war may be over by then.

With best of regards, to all of the people (I can't name all of you here, but I'm thinking of all) and to your families. Yours, Al Azevedo

INTRODUCING MRL.M.FLEWELLING

A hard-working man who always tries to serve the majority--L.M. Flewelling, our Service Supervisor. Directors and leaders working with him find that he is capable of looking ahead; and all his undertakings are well-planned.

Mr. Flewelling is a graduate of Reedley Union High School, University of California where he received his Bachelor of Science Degree, and University of Notre Dame where he received his Master of Arts Degree.

Mr. Flewelling had been doing work similar to his present, such as organizing field work in agency recreation, organizing and directing group work in Vocational Counseling, directing a staff of recreational leaders, etc. before he came here.

His favorite hobby is raising wire-hair terriers. Swimming is his favorite sport (who wouldn't enjoy swimming in this heat!) but Mr. Flewelling states that as old age creeps on, reading is more and more becoming his favorite pastime.

MANANAR SUES FRESNO Wash. Project Director and three others want to win the sugar beet field workers at Rupert, Idaho.

Investigation about rumors of bad conditions revealed that the troubles were all of a minor nature. A Labor Council has been formed to negotiate with the U.S. Employment Service on all difficulties. The boys are given the run of the town, but they're home sick.

Mananar's first crop yielded 32 crates of produce.

GRAPEVINE: Two playgrounds and wading pools are being planned for the town.

Fresno Center welcomed its first baby. Little Miss Miyoko is the daughter of Mr. & Mrs. Tomoko Amino.

EL JOAQUIN: Movies, on a temporary trial system, began a continuous all day showing. One show lasts approximately two hours.

Fifteen persons have completed 20 hours of the Standard First Aid Course and are now beginning the 10 hours of advanced course. Those who pass this course will take the instructor course.

DON'T MISUSE LAUNDRY

EMPLOYMENT

Residents seeking guidance and counsel in obtaining Center employment are invited to call at the Welfare and Sanitation Office. Please ask for Mr. Tada or Mr. Ozuchi.

EDITORIAL

OUR WAY OF LIFE

All of us, more or less, have by now become accustomed to the lives we now lead. The abrupt change probably left many of us in a discouraged state of mind, but there is no room for discouragement now. We must start right--no matter how great our depression might be.

Begin now in our own little community. The wheels of it are just picking up speed and smoothness; it's up to all of us to keep it running and functioning to serve our purpose. We all have our jobs to do whether we're being compensated or not in terms of legal tender. We have a tremendous task ahead--we have to pave the way for the elders to make things as easy as possible for them. So let's pitch in and make our center all the more lively.

We may leave here soon to a permanent place, but we'll leave with a securer feeling that whatever we undertake, we'll strive with the purpose of creating a happier outlook on life--TURLOCK is the first step up and onward!

LET'S MEET

GOOD NEWS

Coupon books will be given to the TAC residents soon. However, before these issue books can be given, the Finance Department, under Mr. Anderson, must complete a family record of all the residents because the issue books are authorized on individuals

"Only hogs get fat on slop isn't that right, Bill?--quotations from George.... and families. The Department must differentiate between parents, members of the family, and individuals (persons 16 years or over), before a definite method of distributing these books can be obtained.

SOLONS in fourth straight victory

The Solons easily knocked the Shogas out of the first place race by giving the Shogas a 15-8 drubbing.

YOUTH'S HONESTY IS UNSURPASSED

How many of you who cashed checks on June 24 stopped to see if you were overpaid after reading the article in the TAC (June 26)?

How many of you would have returned the cash had you been overpaid?

YAMATO DANIGUCHI, 19-year-old youth from Brentwood, after noticing the article, immediately checked over his cash, and to his surprise, discovered that he had been overpaid by one hundred dollars.

Here was this lad in the prime of his life with two roads before him--the one, straight and upward; the other, crooked and downward.

Did he have to fumble over which road to take? No, he not only had heard of honesty being the best policy, but believed so!!! As Mr. Huntley expressed himself "This is an outstanding case when a man's honesty was paramount".

APPRECIATION

The Works Division expresses its appreciation to the Sanitary Committee and to all the volunteers who contributed their services to control the sewerage overflow situation and clean-up of the grounds.

If you by chance come upon Dr. Furuta's first pay check, please return it to him. Reward.

PINNELLA attends MEETING

Center Manager, Ernest G. Pinnella, left for the NCCA Headquarters in San Francisco Monday afternoon to attend the Center Managers' Meeting. Mr. Anderson took Mr. Pinnella's place during his absence.

Mr. Pearson, Supply Manager, is in Utah on Government business.

The Center's first "Kei-ro-kai" was held last night at the pavilion with H. Yoshitsu as chairman.

The guests were all 60 years old or over. The purpose of the affair is to honor the elders of the Center, and at the same time, offer an entertainment strictly to their liking.

The program was arranged by H. Kawamoto and G. Yamashiro. Plans are also being made to hold "Kei-ro-kais" every other week on Thursdays.

Last Thursday marked a day most of us had been waiting for--the Center's first pay-day.

Nearly 500 residents who had been working before May 11 received their credits in the form of checks, the amounts ranging from 27¢ to \$6.50. The total amount paid out was approximately \$1,000.

BANKING SERVICE.....

A representative from the Security State Bank will be here Friday from 3:30 to 5 p.m. The bank of America representative will be here as usual on Wednesday, July 8.

The next pay day for the period ending June 11, will be soon and Mr. Huntley will have three windows open so the payees will not have to stand in line and wait.
