Dear Gini:

July 14th

Thank you for long
phone call. Nice to talk to a
person who can see things
objectively ~~not~~ all wrapped up
in it's box. It's a relief
people & relief world so
those who are using their ^{considered} words
for determination or good ~~and~~
some fall traps and tools and
our nature is such that we
are fools. I could write a book
on people. That simple book
will be a classic once I make
it in painting.

I will let Alex have
copy of WCA honor award
Antalque. Did I send you that
yet? Anyway I'll do so
when I get some Xerox &

my best

~~My best

~~Wme~~

in the case of
concepts, negatives,
what a journey.
