

### Times School Scheduled For April 1, 2, 3

**By DOROTHY NEIGHBORS**

If you are in a rut with your homework, if you are serving the same kind of meals, day after day, until your family longs for something new and different, don't fail to attend the Better Meals Cooking School to be held April 1, 2 and 3 at the Music Hall Theatre. This free cooking school, presented by The Seattle Times to the home-makers of this city, is planned to help in just such a case as yours.

Miss Emily Conklin, nationally known home economist, a member of the cooking school staff of the National Livestock and Meat Board, will be the lecturer. She has had a great deal of experience in giving cooking schools throughout the country and is very popular, both because of the sound, practical advice she gives on cooking and the style and beauty with which the dishes are shown.

The Better Meals Cooking School is more than a collection of recipes, fine as these are. Around each of the meat dishes an entire menu is planned and many of the accompanying foods, vegetables, salads, hot breads, cereals and desserts, are also prepared on the program.

**Menus for All the Week**

In each of the four booklets which contain the recipes prepared during the four sessions of the school, dinner menus for an entire week are given. These "pattern" menus illustrate the method of meal planning, based on the meat course, which insures a balanced diet containing the protein, minerals, vitamins, and energy foods needed for good health.

"The information I bring on nutrition is of special importance at present," says Miss Conklin. "The health of the family is the first line of defense, we are told and the best safeguard of meat is the right food. The homemaker plays a very big part by simply making sure that her own family is well fed."

### EGGS FAVORED BY MANY AS BEST BREAKFAST DISH

PUFFY OMELET  
Favorite egg-dish at family gatherings

**WINDOW CLOTH**—No longer will window cleaning and polishing take a full morning or afternoon if one of these magic window cloths is used. The cloth looks like an ordinary piece of hucked toweling but there is a special preparation, which makes windows, mirrors and all glass surfaces glisten in a jiffy. It cleans completely, leaving no dust or dirt behind. Just dip the cloth in cold water, wring out and apply to the glass. Then polish with clean dry cloth. Price 40 cents.

**PIN CUSHIONS**—Different accessories make any task more like a game than work, especially for little girls. Most children will find sewing and embroidery fun if they have an animal to stand guard over their work basket. Gay little stuffed animals masquerade as pin-cushions and act as companions to an imaginative little girl. Edging, quilting, dolls and stuffed with cotton. They are obtainable in two sizes and cost 29 and 59 cents.

**GAY BLOUSES**  
DECORATE NEW SLACK SUITS

**Today's Sketch**

You'll be seeing more of this type of costume sketched above by May Warner. You'll see slack suits—tailored, becoming styles—in the street. You'll wear them to market and feel well dressed. This tailored suit has a long jacket and nice detail. It has a slight herringbone weave and comes in lovely soft pastels. With it are sketched two blouses from a charming collection in a local shop. The blouse at the left has a red background with white floral motif and the one at the right is a leaf-green background with new yellow and black floral design.

### Pineapple and Apricot Jam

**4 cups prepared fruit 8 1/2 cups sugar**

Use 1 No. 2 can crushed pineapple. Drain No. 2 can apricots; cut in small pieces and crush thoroughly or grind. Combine fruits and add juice of 1 medium lemon. Measure sugar and prepared fruit into large kettle, mix well, and bring to a full, rolling boil over hottest fire. Stir constantly before and while boiling. Boil hard 2 minutes. Remove from fire and stir in bottled fruit pectin. Skim; pour quickly. Paraffin hot jam at once. Makes about 10 glasses.

### DOTTIE SAYS—

**SAVE ELASTIC GARMENTS**

Be especially careful when you wash garments from rubber thread. Foundation garments, suspenders, plain elastic, rubber webbing around the waistline or cuffs of a sweater need to be treated gently when they are damp. Use mild soap and warm water. Rinse thoroughly. Hang to dry. A heavy foundation garment will dry more quickly if it is rolled up in a piece of dry cloth. Dry all rubber garments in a cool or moderately warm place—never near a radiator, stove or hot pipe. Do not expose to direct sunlight.

### Two Jap Groups Leave L. A. For Isolated Camp

LOS ANGELES, March 23.—(AP)—A strange caravan filed out of Los Angeles today as 1,000 Japanese, many with automobiles piled high with humble possessions, went into isolation for the duration, that Uncle Sam might carry on with his war effort undisturbed by their presence in this vital defense zone.

Their destination is Manzanar, 235 miles away in the sparse deserts of the Owens River Valley. These contractors are hastily constructing a camp which eventually will house 10,000 persons on whom the government wants to keep its eye until the war is over. They traveled in 150 cars of all types, guarded by 50 Army vehicles. A preliminary party of 100 Japanese left Saturday.

As the auto caravan left from Pasadena's Rose Bowl, another group of Japanese, also laden with bundled belongings, boarded a train for the trip to Manzanar. The first group was composed mainly of tradesmen, all leaving voluntarily to prepare the camp for other thousands of evacuees, including their families, who will follow soon.

### B. C. Japs, Sent Inland, Can't Take Families

Special To The Times.

VANCOUVER, B. C., March 23.—First 100 of the 3,000 Vancouver Japanese to be sent to work in pulp mills and logging camps of Ontario will leave within the next few days, it was announced today.

The Japanese will be selected carefully for this work. Family men may be included in the first contingent, but will not be allowed to take their families with them. Women and children will remain in British Columbia.

Japanese labor also will be used to improve the Cariboo Highway, from Clinton north, and several sections of the Trans-Canada Highway in British Columbia.

### Leather Windings Used to Save Tires

SANTA MONICA, Calif., March 23.—(AP)—A landscape contractor, Paul Kundig, has sent drawings of his tire-saving device to the National Defense Council.

What is it? Just leather belting—a lot of it. He surrounds a section of strong leather belting around each of his tires, and says he drives 40 miles an hour without undue jar. He believes a substitute for the leather can be found in a nail-studded or wire-reinforced fabric composition.

### ANN HOLDEN

**BROADCASTS FROM ANOTHER HOUSE NEXT DOOR!**

TUESDAY!  
**KOMO, 10 a. m.**

Presented by you  
**PABCO PAINT HEADQUARTERS**

### Wednesday Menu

**BREAKFAST**—Steved apricots, scrambled eggs, fried bacon, bran muffins, coffee or cocoa.

**LUNCHEON**—Macaroni and ham salad, buttered bread, bread, prune whip, vanilla wafers, tea or milk.

**DINNER**—Broiled steaks, mushroom sauce, French fried potatoes, buttered broccoli, molded fruit salad, assorted cheeses, coffee or milk.

### FLOWER EXHIBITS GO TO HOSPITALS

Thousands of cut flowers from the Pacific Northwest Spring Flower and Garden Show, which closed last night after an eight-day run in the Civic Auditorium, were delivered to hospitals today.

Hundreds of flowering trees and shrubs had been taken back to nurseries and greenhouses.

Plans for the 1943 show already are in the making, and special plantings for another year soon will be strated by nurserymen and growers.

**Many Contribute**

Typical of the cooperative talent behind the show were the joint efforts which went into the jungle garden, which won the sweepstakes for the show. Planned and created by Marie Sudakoff Hansen, the garden also showed the handiwork of Clarence Prentice, creative decorator, who put his talent into the exotic exhibit. From the Seattle Park Department came the banana and rubber trees, huge tree ferns, fancy-leaved cacti, the black lily of Malaya, red anthurium plants and dwarf calla.

From Clackamas, Or., came many of the hundreds of Saint Paulia. The Thomas Floral Company contributed many tropical plants. George Rosalia of the Glendale Greenhouse gave palms and tree ferns. From the Woodland Park Floral Company of Sumner came the brilliant-foilage stove plants. Fred Schlachter contributed the cymbidium orchids and the orange trees and the red canna.

**From Coast to Coast**

The silver eucalyptus came from the University of Washington herb garden. Armacost and Royston of Los Angeles sent the pink anthurium. The Spanish moss came from Cleris; bamboo fern from the Miethek Nursery, Tacoma. Mrs. M. H. Patton the lemon tree in her own home.

The great sprays of English hybrid orchids were purchased in England and came from the Beall Greenhouse at Vashon. The Capitol Florists contributed the fine streptocarpus. From the Volunteer Park greenhouse came also the moss ferns.

Many others contributed to the sweepstakes jungle garden, whose value in exhibits exceeded \$50,000.

### Internees Together In Hongkong—Japs

TOKYO (From Japanese broadcast), March 23.—(AP)—Shiroshichi Kimura, Japanese consul, who was in Hongkong through the siege and fall of the British colony, said today that United States citizens interned there were housed together and had organized their own committee to represent them to Japanese authorities.

Kimura said William P. Hunt, widely known United States business man, and a Standard Oil Company representative named Gilson "had organized the American internees very well."

### EGGLESS, Non-Cooked Custards Give Children MORE MILK

There's no doubt children need plenty of the nourishment that milk supplies best—calcium for strong teeth, building proteins, protective vitamins.

Yet many children get tired of drinking so much milk; some cannot digest it readily. Here's an easy way to increase daily milk consumption. Make it into delicious eggless, non-cooked custards with "Junkee" Rennet Powder (six flavors). Takes but a minute, and these colorful, tempting desserts appeal to the appetite of everyone. The rennet enzyme makes them easier to digest than plain milk. (At all grocers).

For economy, make rennet-custards also with "Junkee" Rennet Tablets—unflavored, add sugar and flavor to taste. (At drugists and grocers).

**FREE**—Book of Fun for Boys and Girls! 24 pages of Puzzles, Tricks, Games, Cartoon Drawings for children from 3 to 11. Absolutely free—nothing to send. Just write "The Junkee Folks," Dept. 128-L, Little Falls, New York.
