

White Salmon wa
June 14th 1942

Dear Folks how are you all
I think I am some better
but am in the Bed the
most of the time. Vickie
is fairly well. We are getting
along pretty good. the clarks
were up yesterday. I got A card
from them they were coming
I wrote them A card not to come
as vicky did not think much of
it but they came any way. George
come after something for you
folks he said. he had A lot of
advise to give. We have had
A some Rain, don't think any
one has began Haying yet just
Showers ~~even~~ enough to
keep it damp. George Clark
said you was talking of
going up in Eastern Ore to work
~~with~~ Kay arent you & Kida -
going too? Say how are you getting
over your vaccination?
Mr Johnson was here once I
guess he is A busy man and not

very well either. Kida are you
pretty busy. hope you both can
go with George. Kay how are
you since you were vaccinated
See but I am lonesome for
you all. and hope this war
will soon be over ~~soon~~.

I cant half write any more
there are so many flowers now,
so many wild flowers on the
back yard. victoria was up
and stayed over the week end.
She helped Vickie out so much.
Vick made a lot of jam yesterday
wish we could do some canning
too, but guess that cant be this
year. if I was well I would
do some any way. with the hopes
of you being home any way now
all of you stay well and I
will be good too. Mrs Crogmen
was here a few moments. She is
glad you let them use the car.
and they will take good care
of it too well I must stop
and write me often

Love To you all and hope
and Pray this old war will be
over Soon Grandma
