Dearest Kai! -

Just came home from evening worship of Kisei group, it was a worship through drama; boys & girls of Willie's age presented a one act religious play based on 9th chapter of St. John. Willie did pretty well, acting as that blind boy who was made to see by Jesus. The young people only practiced a little over one week and for that he did swell.

I helped the S. School as usual but did not get so tired for I had this day off. From now on I'll have Saturday half-day off & Sunday so it makes me rest better. My ears do not ~~as~~ ache any more but there is some pressure in it. I do not know why, maybe I still got cold. I am wondering if you are going to have your rehearsing soon. Hope this will find you well, and am looking for your letter.

Love, Tom
