

The background of the notebook cover is a vintage-style illustration. It depicts a campsite with a large pile of logs in the foreground. In the background, there is a large tree on the left, a body of water, and a blue sky. The illustration has a halftone or dithered texture.

DUSK

A "teepee" structure is an easy way to build an aesthetically-pleasing campfire. Start with a bundle of **TINDER** (dry leaves, grass, or wood shavings), building a series of larger teepees, first with **KINDLING** (twigs, sticks, and branches), then **FUEL** (larger logs). Allow ample airflow throughout the structure, and don't forget to leave access to the tinder (from the upwind side) if you intend to light it!

SPARK > FLAME > BLAZE

NOTE: IN A PINCH, THIS MEMO BOOK CAN BE USED AS KINDLING.
