A little drunk and very
mad about how there are
no Cardinal Directors in our
Dad game. we can't explain
the Ranting! I love the
Cardinal Directors so
much any. It's like if we
were told "oh, I don't like
the letter e so I can't
say any words with that letter."
It makes everything so much
thier more complex for an
absolute choice that doesn't
even need play in TC Realgame!
Also I'm pretty sure everybody
in the game hates me.
The Beer being so helpless.
Powerless lately.

I gotta change it. none out
yet & job etc. make some kind
of Power Progress in a Real
Project. Something with weight.
some thing that makes you too
tired to be sad. & protect.

Foraday.

I've been watching Eureka.
it's a TV show from when I was
10-15's way cool to see in
HD & be able to hear.
Zack looked so good & how
did anyone stand it!

everything looks wack &
silver plastic and "Hockey".
But everything else is like now.
It's surreal.

I remember being
Afraid About this anti game
after that I like forgo &
I think this Boss guy is evil.

And clearly the psychologist
is evil. But that telegraph
that from W.C. Cpl. Actually
That telegraph that goes
Serg./Army & Srealy. So
like, dear? Sex is acceptable
only if it's evil. The club
is gay but - I don't think
anything'll happen? A rather
casualised over. Which

The hero is this single
and can be gets to know.
See that it's come with
the Captain at the city -
A woman who is essentially
the man to all the "Scumbos",
who get to be that man.

Bodies and what but the
with engineering. Finally -
The main reason this
new boss feels evil is
his competition for the
man's attention - the
ex - husband or step

And that keeps the thing
"Divorced couple" at Coddley
and Bossman from being.

What are all the ~~things~~

gluing ended. at the end of
the episode not the middle.

I can feel the green energy

I also want some more -
But I don't want a thing
