Lost night I dreamt
that Hanna ~~was~~ died.
She fell off a ladder @
Hazels house & by the
time I got there Hazels
Dad & his (not friends) had
done some kind of healing
ceremony instead of
turning her to a doctor.
They buried her in some
yard. I had to adjust to
life w/out her, telling people
and every thing I was
so relieved when I woke up

I've been playing this little Star Wars game on my phone for fun around shopping at B&M guys. It's a video game. The little guy, your character, doesn't have a name, you have to go at it your way to find these health potions & of which there are a limited supply

You have to balance that task w/ battling this seemingly endless Barrage of villains. It's not very good, as you might imagine. I tend to get caught up in battles & side quests & forget to heal until my guy is seconds from death & the screen is flashing Red.

IS IT MORALLY RIGHT TO USE
A BOOMBOX ON PUBLIC PATHS?

17 October 2015

Last night I went to a Drum Circle.
I didn't like it & it was kind of
Awful, wailing all night to get me w/ Harrison
which is always weird. Played drums, had too little
food & drink, & felt weird & awkward because I
didn't know anyone there & everyone was either
the worst kind of overgrown hippie or a person
whose group this isn't, probably like me. The
best thing was this white hippie spiritual stuff that
last drove me crazy. I hate that shit. I was
generally an out of place old man, I tried not
to laugh too hard at men b/c I knew I could
ruin their fun & there was beatboxing &
made up chants about "Returning to the Goddess"
Then this morning on my way to work I
a projector Hazel started playing "Dancing
w/ myself" from her iPad & I
hit myself after she morning got mad &
play music on the path, that's thoughtful
& intrusive. Buy a pair of Fuching Hedphong
you see all these fox students blasting music
& I hate them. I will not be associated w/
that I already have myself enough

Hazel Brought Harrison over & I am once more
Bummed about how I'm so good at having
Friends & bringing them over. Whenever I invite
people over they decline. Am I too creepy?
Not enough? Am I just unlikeable?
Am I too concerned about this and people pick
up on that? yet I hate being a person.

I think I dreamt about a sad, friend episode
of Car Talk where Flares a little bit of the
different components of the show as little gizmos
could be hooked together in any way you would like.
