

Katie Clemons
LET'S CELEBRATE YOUR STORY

*Give families a thoughtful, creative way
to empower and connect with children they love.*

Award-winning author Katie Clemons has made a name for herself with her guided journals. Katie is a fifth generation Montanan whose super power is asking questions. Luckily in our increasingly distracted, technology-fueled society, she had chosen to use this power for good and has since crafted multiple #1 Bestselling journals, given a TEDxTalk, and been featured in *The Wall Street Journal*, *Huffington Post*, *Good Housekeeping*, and *Pregnancy and Newborn*.

With unparalleled poetic wit and creativity, Katie's beautifully illustrated journals approach serious and silly topics in families's lives with ease, turning non-writers and journal lovers alike into passionate wordsmiths and storytellers. "I believe your story is one of the most meaningful gifts you can give yourself and the people you love," says Katie, who's mission is to inspire connection, kindness, and empowerment—one story, one moment at a time through her content and products.
