

The background of the slide is a complex, layered illustration. On the right side, there is a large, dark silhouette of a human head in profile, facing left. The interior of the head is filled with a vibrant, glowing orange and red cityscape, with various buildings and structures visible. Overlaid on this cityscape are numerous small, white, rectangular blocks of text, resembling code or data. To the left of the head, a path of silhouettes of people is shown walking away from the viewer towards a bright, glowing light source on the horizon. The path is composed of several silhouettes of people in various poses, walking in the same direction. The overall color palette is dominated by deep blues and teals on the left, transitioning through a bright orange and red glow in the center, and ending in a dark blue on the right. The text is white and stands out prominently against the darker background elements.
