### FINANCIAL PARTNERSHIP UPDATE (April 2026)

With the first quarter of 2026 now over, I'm so pleased to report that we continue to be running at break-even YTD. That's something to be so thankful to God for as we juggle all manner of challenges, complexities and changes ahead of our offsite move on Sunday May 10.

At the same time, **YTD giving continues to lag around \$30,000 behind budget**. Fortunately, YTD expenses have also been tracking behind budget; but obviously that situation cannot continue indefinitely, so if you're in a position to either commence or increase giving, can I please encourage you to consider doing so ASAP?

Everything you need to start or update financial partnership can be found at <https://www.trinitycity.church/about/giving/>. In addition, the QR code provides a short-cut to electronic giving, and cash gifts can be placed in the secure black box on the side of the Welcome Table. And as always, if you have questions, comments or feedback, or would like more detailed information about our finances, please don't hesitate to speak to any of the pastoral staff or lay Leadership Teams.

Geoffrey Lin  
Senior Pastor
