

TRINITY
CHURCH

Session 1 - 9:15

Seminar choices for session 1

Gospel Based Discipline (Kids Ministry - Primary)

Adam Jolliffe - *Children's Ministry Advisor Youth Works NSW*

Behaviour management is one of the ongoing challenges in ministry to children. Explore gospel-shaped strategies for building supportive relationships, minimising distraction and behaviour issues and how to respond when problems arise.

Building a Mission Culture (Youth Ministry)

Josh Ord - *Youth Ministry Advisor Youth Works NSW*

There are thousands of young people who have never heard the message of Jesus. How do we reach them? How do we equip our youth to reach their friends? This course tackles how you can grow an effective youth ministry built on a culture of reaching the lost.

Ministry to Under 5s PART 1 (Kids Ministry - Creche Preschool Minis)

Meaghan Turner - *Under 5s Children's Ministry Advisor Youth Works NSW*

Beginning with Biblical foundations, the explore the opportunities in ministry to Under 5's in playgroups, preschool and creche programs including the core goals and structures of an effective under 5's ministry as well as discussing the common challenges. Helpful for anyone setting up a new under 5's ministry or rejuvenating an established one.

Helping next-gen Aussies explore faith (All ages)

James Baker - *Creative Director / CEO of xp Films SA*

How do we better engage seekers and scallywags with the good news of Jesus? We sense there's a bit of a disconnect right now between teens and the church. How about you? So what if we met young Aussies where they are at? What would change?

Understanding faith as a story, not a status (Youth Ministry)

Adrian Blenkinsop - *Converge Project Manager at Access the Story SA*

Drawing on findings from the Your Story research project, this workshop will use content from the recently released Your Story video series to explore the concept that faith is constantly changing, and defining a young person as 'saved' or 'unsaved', or 'strong' or 'flimsy' in their faith may not be helpful. How we listen and prayerfully discern where a young person is in their faith changes how we disciple them. This workshop will give you insights and tools to better understand your young peoples faith journey

Keeping children and young people safe in ministry settings (Safe Ministry)

Kate Runnells - *Safe Ministry Administrator for the Trinity Network*

By the end of this workshop you will understand the following:

- understanding mandatory reporting responsibilities for those working with children and young people in South Australia
- knowing when you should make a mandatory (CARL) report
- how to make a mandatory (CARL) report
- what making a mandatory report entails
- responding to disclosures made by children and young people

REPEATED IN BOTH SESSIONS

Back to School (Youth led prayer groups & Bible studies in school) (Youth Ministry)

Mark Marno & Team - *State Director Mustard Seeds SA*

Children and youth spend around 50% of their waking weekday at school. How can we best help those in the school environment? This session will help you to better appreciate the school environment. Equipped with this understanding, we will consider what support can be put in place for students in schools and how you, as their leaders at church, can strategically incorporate this into the time you spend with them.

That there should be no division in the body (disability ministry)

Dave Brown - Disability advocate, pastor at St Matt's Kensington, Lecturer at BCSA and TABOR

De Brown - Disability advocate, Auslan interpreter

Inclusion is something that everyone wants, but we sometimes struggle to do. It's hard enough to keep up with the demands of our ministries, let alone finding the time and creativity to think about universal accessibility. Or is it? What if there were simple changes that we could make that would benefit not only those at the fringes, but everyone? In this seminar we'll have a chance to share successes, learn from one another, and think about how we can build programs that benefit everyone.

Lift their eyes to global mission (Global Mission)

Tamie Davis - *Mobilisation Lead at CMS SANT*

This workshop will equip you with everything you need to lift the eyes of the kids in your church to God's global mission. From taking them through a biblical theology of mission to videos and crafts and worksheets and prayer ideas, you'll never feel short of ideas again! The resources in this workshop are easy to mix and match, so you can customise to suit your age groups, frequency, size, etc. At this workshop, we'll make connecting to God's global mission fun for kids and easy for leaders!
